July 2005 - June 2006

KY Dept. of Fish and Wildlife Resources July 2005 - June 2006 1 Game Farm Road, Frankfort, KY 40601 Information Center Hours: Weekdays 8:00 a.m. - 4:30 p.m. Eastern 1-800-858-1549 fw.ky.gov

The KDFWR is funded through the sale of hunting and fishing licenses and boat registration fees. It receives no general fund state tax dollars. The KDFWR manages, regulates, enforces and promotes responsible use of all fish and wildlife species, their habitats, public wildlife areas and waterways for the benefit of those resources and for public enjoyment. KDFWR, an agency of the Commerce Cabinet, supports an annual economic impact to Kentucky of \$4.8 billion.

NEW THIS YEAR!!!

The items highlighted here are the changes to this year's hunting seasons. Changes from last season are printed in red throughout this guide to assist you in noticing those changes.

Elk Permit number increases to 100.

A legal deer hunter who wants to take an out-of-zone elk must have a \$10 elk draw permit.

Persons hunting when and where an elk firearms season or quota hunt is open must abide by the Hunter Orange Clothing Law. WMAs and other public hunting lands located in the elk quota hunt zone are open to quota elk firearm hunts

this year, Oct. 1 - 7 and Dec. 3 - 9. The hunter orange clothing law applies to all hunters on WMAs open for quota elk hunts during these periods. See pages 36 and 54 for details.

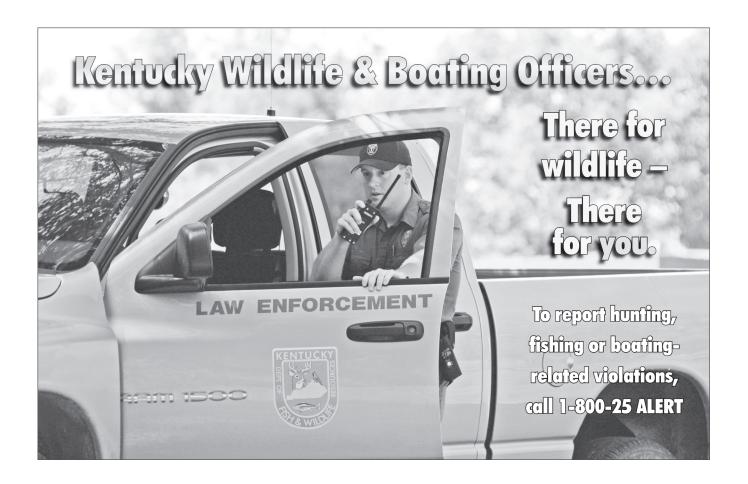

The fee for a nonresident fall or spring turkey permit, or a nonresident statewide deer permit is \$50.

A new youth turkey permit is now available for youth turkey hunters (under 16), good for one bird and usable during both the spring and fall turkey seasons within a license year for \$15.00. Bag limits and harvest restrictions still apply.

Elliott County is now a Zone 3 county for deer hunting.

The use of electronic decoys for turkey, deer and elk hunting is illegal.

The KDFWR produces separate hunting regulation booklets for waterfowl and other migratory bird hunting. Season information for dove and early waterfowl hunting is available in mid-August. Regular waterfowl season laws are available November 1 from the KDFWR. Call 1-800-858-1549 weekdays, look for a copy of these regulation guides where hunting licenses are sold, or log on to fw.ky.gov.

HUNTING ON PRIVATE LAND IS A PRIVILEGE.
ALWAYS GET PERMISSION AND THANK THE LANDOWNER.

General Rules for All Hunting

- 1. You can <u>NOT</u> hunt on someone else's land unless they say so.
- 2. Unless the law says you don't need a license, you must buy the right hunting license and permits for the kind of hunting you do. You must have proof of buying those licenses and permits with you when you hunt.
- 3. You can only hunt when the season is open for that species. The type of firearm and ammunition, or archery equipment you use must be legal. You can take no more game than the daily or season bag limits allow.
- 4. Anyone hunting where and when a gun deer or elk season is open must wear hunter orange color on the head, chest and back, that is visible to others at all times.
- 5. All hunters born after January 1, 1975 must pass a hunter education course before hunting on any land besides land they own. Kids do not have to take the class until they are 10 years old, but must always hunt with an adult.

THE BASICS OF HUNTING IN KENTUCKY

Deer & Turkey Hunting Basics

- 1. Each time you take a deer, turkey, otter or bobcat, you must do two things. (1) Fill in your hunter's log before you move the animal, and (2) call 1-800-245-4263 by midnight and report taking the animal. The number you are given at the end of the phone call must be written down on the back of your license/permit and kept during the entire season.
- 2. During the deer season, a hunter may take one antlered deer on private land. Any deer with visible antler (besides button bucks) must be claimed as an antlered deer when you call and check it in. Button bucks should be checked as "male" deer, with "no visible antler", when the operator asks for that information.
- 3. The season limit on antlerless deer (does and button bucks) depends on where you hunt. Each County has a zone number. Zone laws tell you how many antlerless deer you can take, when you can take them, and what equipment you can use.
- 4. The "statewide" deer permit allows you to take two deer as follows: One with visible antler and one without visible antler, OR both deer may be without visible antler. Only one statewide deer permit may be used per hunter per season. The deer season limit allows a hunter more than two deer. In order to take up to the deer season limit, a hunter must purchase a bonus permit. Bonus permits bought for hunting on private lands allow you to take two antlerless deer. Bonus deer permits are no good unless you already have a statewide permit.
- 5. It does not matter if you take a buck or doe first. There is no daily limit on deer. Write the information for the buck you take on the back of the statewide permit.
- **6.** Hunters ages 15 and under who deer or turkey hunt with a gun must always hunt with an adult. The adult must stay beside the youth gun deer or turkey hunter.

GENERAL HUNTING INFORMATION

Who Needs Hunting Licenses and (2) **Permits in Kentucky?**

Unless you're exempt from license or permit requirements, a hunter must carry either a paper license/permit, or a (3) Kentucky residents on military license authorization number, as proof of having purchased the correct type of license or permit.

Hunting means taking game, or attempting to take game in any manner. Taking game means to pursue, shoot, hunt, wound, catch, trap, snare, kill or capture wildlife; attempt to do any of these activities, or assist some one else in doing these activities. (KRS 150.010) Persons who engage in these activities are considered hunters, and therefore are subject to licensing requirements unless specifically exempted by law.

Hunters who buy their license or permit over the phone or internet, and have been issued an authorization number in lieu of a "paper" license or permit, are required to have a picture I.D. that includes date of birth, in addition to the license authorization number with them when hunting.

Only the hunter to whom a license, permit or license authorization number is issued can use that license. Licenses and permits must be signed and the hunter information portion (signature, address, eye & hair color, sex, height and weight) filled out completely before going afield.

Kentucky residents (see definitions) can not use a short-term (5-day) hunting license. A short-term hunting license can only be used by nonresidents, and is usable for the 5-day period shown on the license, for all types of hunting except elk, deer or turkey. Nonresidents hunting elk, deer or turkey in Kentucky must purchase an annual nonresident hunting license along with the appropriate permit.

There are some groups of hunters/anglers not required to buy licenses. Some groups do not have to buy permits. And, some don't have to buy either. Here are those exemptions:

Only the following may hunt without **buying a Kentucky Hunting License:**

(1) Kentucky resident owners of farmlands, their spouses and dependent children hunting upon their own farmlands during an open season;

- and work: and
- furlough of more than three days who carry identification and papers that verify their furlough status.

Only the following may hunt Deer & Turkey without buying a statewide **Deer or Turkey Permit:**

- (1) Kentucky resident owners of farmlands, their spouses and dependent children hunting upon their own farmlands during an open season;
- Tenants, their spouses and dependent children hunting on a farm or lands where they reside and work, and
- (3) Hunters who hold a senior/disabled combination license or Resident Sportsman's License.

What type of license or permit do I need?

To hunt elk, deer, turkey, waterfowl and migratory birds, both a license and an additional permit are required. (Elk, deer & turkey permit use is explained in the Elk/Deer/Turkey hunting sections of this guide). Only a hunting license is required for everything else, except that no permit (or license) is needed to take exotic species as noted in the Year Round Season for Exotic Game section of this guide.

License & Permit Requirements for Hunting Waterfowl and Other Migratory Birds

Waterfowl hunters 16 years old or older must have a Kentucky waterfowl hunting permit, a federal migratory bird stamp (required by the U.S. Fish & Wildlife Service) and a Kentucky hunting license in order to hunt waterfowl (ducks. geese, coots and mergansers). Purchase of a Kentucky waterfowl permit also allows the buyer to hunt moorhens, gallinules, rails, doves, snipe and woodcock. Only licensed hunters age 15 and under, or holders of a senior/ disabled combination license or Sportsmen's License may hunt waterfowl without a Kentucky Waterfowl Permit.

Tenants, their spouses and For those who hunt migratory birds dependent children hunting on a OTHER THAN WATERFOWL, a state farm or lands where they reside migratory game bird permit is required in addition to the hunting license. The state migratory game bird permit authorizes the holder to hunt dove, snipe, woodcock, moorhens, rails and gallinules. (A Federal Migratory Bird Stamp is not required to hunt dove, snipe, woodcock, moorhens, rails and gallinules.) Licensed hunters 15 years old and under, and holders of a senior/disabled combination license or Sportsman's License may hunt these species without buying an additional state migratory game bird permit.

> Nonresidents may purchase and use a short-term hunting license with a Kentucky waterfowl or state migratory bird permit as described above.

> When purchasing a Kentucky waterfowl permit, state migratory game bird permit, or any license that includes those permits, hunters are required by federal law to complete a hunter harvest survey at the time of purchase. Please ask your license retailer to give you a survey to fill out when buying these licenses.

> The U.S. Fish and Wildlife Service governs migratory bird and waterfowl hunting. Season dates for these species are finalized by the USFWS in August, which is too late to be included in this guide. However, the first portion of the Kentucky dove season traditionally opens September 1 each year and runs through late October. Hunters should consult the 2005-06 Early and Late Season Migratory Bird and Waterfowl Hunting Guides for complete details on migratory bird and waterfowl hunting in Kentucky, or check the KDFWR website at fw.ky.gov a few days before the season is expected to open.

> Residents exempt from buying licenses and permits are required to follow hunting season laws, bag limits, comply with the hunter orange clothing law, and follow hunter harvest recording requirements, tagging and checking requirements. Kentucky landowners, their legal dependents and their tenants, as described above, ARE subject to the usual license requirements anytime they hunt some where other than their own lands.

Hunters eligible to participate in the Free Youth Hunting Season, and adults who accompany a youth hunter but are not All waterfowl hunters 16 and older must hunting themselves, are not required to carry the Federal Migratory Bird Stamp. have a license or permit during this season.

BUYING LICENSES AND PERMITS

Kentucky hunting (and fishing) licenses and permits can be purchased from nearly 1,000 locations throughout the Commonwealth. Most Wal-mart, K-mart, county court clerk offices and outdoor sporting goods stores sell licenses. License vendor locations are listed on the KDFWR website. Licenses and permits, in the form of a license authorization number can also be purchased TOLL-FREE by phone or over the internet.

GETTING A LICENSE BY PHONE

Call Toll-free 1 (877) 598-2401

Kentucky hunting and fishing license sales by phone are handled for the KDFWR by Bass Pro, and can be purchased 24-hours a day. Except for a Senior/Disabled Combination License, Youth Hunting License, Youth Deer Permits & Trapping Licenses, all other licenses can be purchased over the phone.

GETTING A LICENSE THROUGH THE INTERNET Visit fw.ky.gov

All Kentucky hunting and fishing licenses and permits, except Youth Hunting Licenses, Youth Deer Permits, Trapping Licenses and Joint Husband/Wife Fishing Licenses, can be purchased through the KDFWR website.

Persons who purchase licenses and permits by phone or internet:

- 1) Can do so using Visa, MasterCard or Discover;
- 2) will be charged a processing fee;
- 3) will be required to provide a social security or Driver's License number and Date of Birth
- 4) will be issued an authorization number which serves as a license/permit (No paper license will be mailed to you)
- 5) must have the authorization number in addition to a picture I.D. while hunting.

If you purchase by phone or over the internet, you will NOT receive a paper license or permit in the mail - just a license authorization number at the end of your purchase. This number serves as your license.

Deer, elk and turkey hunters should be absolutely sure to read the portion of this guide that outlines the requirements of reporting, recording and tagging these species.

BUYING LICENSES AND PERMITS

RESIDENT SPORTSMAN'S LICENSE (Save \$37.50!)

Residents who both hunt and fish for several species may want to consider the Resident Sportsman's License. This license includes a combination hunting and fishing license, spring turkey permit (two turkeys), fall gun turkey permit (two turkeys), fall archery turkey permit (two turkeys), statewide deer permit (two deer), state waterfowl permit and trout permit. Purchased separately, these items would cost \$37.50 more than buying the Sportsman's package deal. A WMA user permit, trapping license, an elk draw/outof-zone hunt permit and bonus deer permits must be purchased separately. Sportsman's License holders must fill out a hunter harvest survey for migratory birds.

LICENSES REQUIRED FOR RESIDENT HUNTERS 65 AND OLDER

Kentucky residents 65 years of age and older who present proof of age and residency are eligible to purchase the discounted Senior/Disabled Combination Hunting and Fishing License (\$5). This license includes a combination hunting and fishing license, and all state and bonus permits for deer, turkey, waterfowl, migratory birds and trout. It does not include a WMA user permit, trapping license or elk quota hunt application/out-of-zone hunt permit. Holders of a senior/disabled combination license must also purchase a federal migratory bird hunting stamp to hunt waterfowl. Seniors should carry ID with proof of age/residency while hunting or fishing. The minimum value of the hunting/fishing privileges of this special discounted license is \$87.50.

YOUTH HUNTER LICENSE REQUIREMENTS (Residents & Nonresidents)

All hunters regardless of age are required to have a hunting license unless eligible for a license exemption. However, any resident or nonresident hunter 15 years old or younger is eligible to carry a less expensive youth hunting license instead of a regular-priced license. After a hunter turns 16 years old, he or she is no longer eligible to buy a youth hunting license.

A youth hunting license authorizes the holder to hunt all small game species and migratory bird species. Unless exempt, youth hunters are required to purchase additional permits to hunt elk, deer and turkey. Specific permit requirements for youth deer and turkey hunters are found in the

Hunter Education, Deer & Turkey Hunting Sections of this guide. This year, a new youth turkey hunting permit is available, similar to the youth deer permit. See turkey hunting section for details.

Hunters 15 and younger are exempt from purchasing a Kentucky waterfowl or state migratory bird hunting permit, and a federal migratory bird stamp is not required for this age group.

A youth hunting license shall not be issued without the written permission of a parent or guardian, or person having custody of the youth hunter. A parent, guardian or person having custody of the youth hunter shall sign the youth hunter's license to signify consent. A youth hunting license is valid from March 1 or the time of purchase until the end of that license year, regardless of whether the holder turns 16 after the license was issued. Persons under 10 years old who hunt must be accompanied by an adult. Persons 15 and under who hunt turkey, elk or deer with a firearm must be accompanied by an adult.

During the Free Youth Hunting and Trapping Season Dec. 26 – Jan. 1, resident and nonresident hunters 15 and under may hunt or trap without a license. Youth hunters who hunt deer/elk with a firearm during the Free Youth Deer Hunting Weekend Dec. 31 - Jan. 1 must be accompanied by an adult, and follow all other deer season regulations. Hunter education is not required for youth to participate in the Free Youth Deer Weekend, but taking the course ahead of time is strongly recommended.

NONRESIDENT HUNTER LICENSE REQUIREMENTS

A resident is: Any person who has established permanent domicile and legal residence and has resided in Kentucky for 30 days prior to purchasing a license; full-time students enrolled in an educational institution for at least a six-month term, and military service personnel on permanent assignment in Kentucky. Those who do not meet this definition are required to purchase non-resident licenses. Hunters who own land in Kentucky, but reside outside the state, must purchase nonresident licenses. (301 KAR 3:028, KRS 150.170, KRS 150.175)

Persons convicted of providing false information regarding residency eligibility for purposes of purchasing hunting and fishing licenses and permits are subject to fines up to \$200 in addition to loss of hunting/fishing privileges for up to three years and seizure of hunting/fishing equipment.

RESIDENT DISABILITY LICENSE

The following are eligible to purchase the discounted (\$5) Senior/Disabled Combination Hunting and Fishing License (which includes all state-required permits except WMA user permits, a quota elk application/out-of-zone hunt permit and a trapping license):

- Kentucky residents <u>certified totally and permanently disabled</u> by the Federal Social Security Administration, a state Workers Compensation Board, the Kentucky Teacher Retirement System or the United States Railroad Retirement Board.
- 2) Kentucky resident employees of the U.S. Office of Personnel Management, declared totally and permanently disabled by a recognized authority.
- 3) Kentucky resident veterans with a permanent 50-percent disability as the result of military-related injuries.

<u>Persons with the disabilities</u> listed above and who qualify for a discounted Senior/ Disabled Combination License <u>must first obtain a disability authorization card</u> to be able to purchase this special \$5 license from a license vendor.

To obtain a disability license authorization card:

If your disability is through the:

- Federal Social Security Administration

 contact your local social security
 office and request a TPQY long form.
 Send completed form to KDFWR.
- Veteran's Administration contact your local VA office and request a letter stating your disability is at least 50% service connected. Send letter to KDFWR.
- 3) State Worker's Compensation Board Request an application from the KDFWR, fill it out and send to the State Worker's Compensation Board.
- 4) United States Railroad Retirement Board Contact the Board and request a letter stating you are 100% totally and permanently disabled. Send letter to KDFWR.
- 5) Kentucky Teacher Retirement System Contact the Teacher Retirement System and request written documentation stating you are on disability retirement. Send documentation to KDFWR.
- 6) United States Office of Personnel Management contact the federal Office of Personnel Management and obtain certification of employment and documentation of being 100 % disabled. Send documentation to KDFWR.

Except for those who qualify for a LOST LICENSES & PERMITS Disability License through Worker's Compensation, mail or fax your disability certification to:

KDFWR Disability License #1 Game Farm Road Frankfort, KY 40601 FAX (502) 564-9136

You may also bring the documentation in person to the KDFWR office in Frankfort at 1 Game Farm Road during business hours 8 a.m. to 4:30 p.m. Eastern Monday - Friday.

Once the proper documentation is processed, applicants will receive by mail an authorization (green) card that allows the individual to purchase the \$5 discounted Senior/Disabled Combination Hunting & Fishing License from ANY license vendor.

The green authorization card is not a license.

The authorization card must be presented to the license seller at the time of purchase. Authorization cards are valid for 3 years. An expiration date is printed on the card. When the card expires, you must reapply for a new disability authorization card, following the instructions above.

License vendors can not sell a disability license using an expired authorization (green) card.

Senior/Disabled Combination Licenses are valid through the end of February like any other license. If you lose your card, you may contact the KDFWR at the above address for a replacement.

Holders of Senior/Disabled Combination Licenses who qualify for the license due to an eligible disability must carry both the license and authorization (green) card while hunting. The minimum value of the hunting / fishing privileges permitted by this special discount license is \$87.50.

TRAPPING LICENSE REQUIREMENTS

A trapping license is required of all resident and nonresident trappers, including landowners/tenants unless otherwise provided by law. A trapping license is not included in a senior/disabled, or sportsman's license. A landowner/tenant trapping license may be used only by a landowner, tenant or his/her dependents trapping on their own property. Trapping licenses are available from license agents across the state. (KRS 150.092,150.170, 150.010, 301 KAR 3:028)

Persons who need a license or permit replaced have two options:

1) Purchase the same type of license or permit from any license vendor, ask them for a license refund form, fill it out and send it to: KDFWR Licensing, #1 Game Farm Road, Frankfort, KY 40601. You will receive a refund minus a \$4 handling fee. 2) Send \$4, your name, address, date of birth and the ID number (Social Security or Driver's License) you used to purchase the lost license/permit, and which license(s) or permits you lost to: KDFWR Licensing, #1 Game Farm Road, Frankfort, KY 40601. KDFWR will replace the license/permit you identify as lost, once verification of original purchase occurs.

LANDOWNER PERMISSION REQUIRED FOR HUNTING, TRAPPING & FISHING

A person SHALL NOT ENTER upon the lands of another to hunt, trap or fish, WITHOUT the oral or written PERMIS-**SION** of the landowner, tenant or person who has authority to grant permission. Those who fail to obtain permission are subject to arrest and prosecution. Railroad tracks and rights-of-way are privately owned property and permission to hunt, trap or fish must be obtained prior to entry. (KRS 150.092)

HUNTER EDUCATION LAW & REQUIREMENTS FOR ADULTS HUNTING WITH KIDS

Kentucky's Hunter Education Law states that all resident and nonresident hunters, if required to purchase a Kentucky hunting license and born on or after January 1, 1975, must carry a valid hunter education course completion card while hunting. (Landowners who hunt somewhere other than on their own property, and when doing so must be licensed, must comply with this law in that case.)

A bowhunter not in possession of a firearm while hunting may carry a valid National Bowhunter Education Program course completion card instead of the hunter education course card.

Hunter education cards are not required when buying a license or permits, but must be in the hunter's possession while hunting. Hunter education cards obtained from other states are valid in Kentucky. The hunter education law applies for all types of hunting. Course schedule information is available by contacting the KDFWR, or consulting the agency's website at fw.ky.gov.

Children under 10 years old are exempt from this law, BUT hunters under 10 years old must be accompanied by an adult who shall be in position to take control of the child's bow or firearm at all times while the juvenile is hunting. One adult shall not accompany more than two children at the same time.

Replacement hunter education cards can be obtained by mailing \$5, name, current address, date of birth and phone number to the KDFWR Hunter Education Program at the address on the front of this guide. (KAR 301 2:185)

HUNTER ORANGE CLOTHING LAW

Kentucky's Hunter Orange Clothing Law requires ALL HUNTERS and persons accompanying them, hunting for any species during the modern gun, muzzle-loading, youth firearms deer or a firearms elk season to wear solid, unbroken hunter orange color visible from all sides on the head, back and chest.

Hunter orange garments must be worn as the outer coverings and must be worn at all times while in the field hunting. Garments can be of mesh type material, as long as openings in the mesh weave are no wider than one-quarter inch by any measurement. Garments may display a small portion of another color.

The following are examples of common **Hunter Orange Clothing Law violations:**

- 1. Wearing camouflage-patterned hunter orange garments without additional solid hunter orange clothing on the head, back and chest.
- 2. Wearing hunter orange clothing while walking to a stand and taking it off when you get there.
- 3. Hunting squirrel, rabbit or quail when and where a firearms deer or elk season is also open without wearing hunter orange clothing is a violation.
- 4. Hunting during a muzzle-loading deer season without wearing hunter orange. In other words, if you're hunting anything in a place where and when a gun of any kind can be used for taking deer or elk you have to comply with the hunter orange clothing law. The only exceptions are when hunting waterfowl during a gun deer season, or when hunting game that can legally be hunted at night (like opossum or raccoon, for example). (301 KAR 2:172, 2:178)

SHOOTING HOURS

Species for which seasons are included in this guide, except raccoons, opossums and frogs, may be taken during daylight hours only. Daylight hours are one-half hour before sunrise to one-half hour after sunset. However, hunters may be in the field or stands before and after shooting hours.

Raccoons and opossums may be taken day or night, except during modern gun deer season when raccoon and opossum hunting is permitted only at night. (KRS 150.010; 301 KAR 2:251)

HUNTING METHOD EXEMPTIONS

The Kentucky Department of Fish and Wildlife Resources may grant an exemption to allow a person with certain physical disabilities to hunt using a vehicle as a hunting platform, or use a crossbow during the bow-only deer or turkey season. However, persons with qualifying physical disabilities must first have an exemption form completed and signed by a licensed physician certifying why the exemption is necessary. Forms are available from the department. Persons who obtain a hunting methods exemption are still required to have the appropriate hunting license or permits. Persons granted a hunting method exemption must also carry the signed exemption along with their hunting license and permits while in the field. (301 KAR 3:026, 3:027)

PROHIBITED HUNTING METHODS

No person shall discharge any firearm, bow and arrow, crossbow or other similar device, upon, over or across any public roadway. Hunting is prohibited in highway or interstate medians and rights-of-way. (KRS 150.360)

No person shall take or attempt to take wildlife from an automobile, or other vehicle, except as prescribed by regulation. Hunting from boats is permitted for small game. A person shall NOT pursue, chase or take a deer, elk, bear or turkey during the spring turkey season with the aid of dogs; while on horseback; or when the deer or elk is swimming. No person shall take a turkey when the turkey is roosting (A roost is the place where a turkey spends the night). It is illegal to feed bears directly, indirectly or incidentally for any reason. (KRS 150.360, 301 KAR 2:140, 170, 172, 300)

No person shall take wildlife with the aid of fire, smoke, explosives or gas. (KRS 150.365)

Baiting is prohibited on all state-managed WMAs. (301 KAR 2:178)

A person hunting wild turkey SHALL NOT use live or electronic turkeys as decoys or take a turkey by the aid of baiting, hunt on a baited area while bait is present, or hunt on a baited area for 30 days after all bait has been removed. A baited area is any place where feed, grains or other substances capable of luring wild turkeys have been placed. Turkeys can't be hunted over any area baited for deer. An area where grains or other feeds exist as the result of legitimate agricultural practices, or as the result of growing or manipulating a crop for wildlife management is legal for hunting. (301 KAR 2:140)

SPOTLIGHTING

No person may deliberately cast the rays of a spotlight or other artificial light into any field, pasture, woodlands or forest, whether public or private, where wildlife or domestic livestock may reasonably be expected to be located. Shining artificial lights into private residences or other structures is also prohibited. This does not apply to: the rays of headlights of vehicles engaged in a normal course of travel; lights being used in legitimate agricultural activities; to anyone involved in activities legitimate to his business or occupation; circumstances including lawful hunting activities; or any landowner, his immediate family or any paid employee while working on his land at that time. No person shall take wildlife, except raccoons, opossums, fishes and frogs, with lights or other means designed to blind wildlife or make wildlife visible at night. (KRS 150.395, 360)

GAME CALLING DEVICES & RESTRICTIONS

Hand or mouth-operated calls may be used in hunting all species. Mechanical and electronic (digitally reproduced or tape recorded sound) calls may only be used to take groundhogs, coyotes, wild hogs, English sparrows and starlings during daylight hours. Mechanical and electronic calls may be used to take crows only during crow season. Electronically produced sounds or calls may not be possessed or used while turkey hunting. (301 KAR 2:251, 3:030, 2:140)

TREE STANDS

The construction and use of tree stands on private lands is regulated by the landowner, not the KDFWR.

The use of nails, spikes, screws, wire, tree climbers is prohibited for attaching a tree stand or climbing a tree on:

All KDFWR-owned or managed WMAs, state parks open to hunting, MeadWestvaco WMA, Daniel Boone National Forest, Clark's River National Wildlife Refuge, Jefferson National Forest, Reelfoot National Wildlife Refuge, Ohio River Islands National Wildlife Refuge, Land Between the Lakes, Big South Fork National River and Recreation Area, Fort Knox, Fort Campbell and Blue Grass Army Depot, and the Wendell H. Ford Regional Training Center. Portable stands and tree climbers that do not injure trees may be used on the above areas, but must be marked with the owner's name and address. Portable stands and tree climbers may be placed in trees no earlier than two weeks before the opening of the season and must be removed within one week after the season closes on the area. Use of existing permanent tree stands is prohibited. (301 KAR 2:111, 2:178, 2:179)

POSSESSION OF PROTECTED WILDLIFE

Possession of protected wildlife except during an open season is illegal without a permit. All permits must be obtained prior to taking/holding protected wildlife. Wildlife acquired prior to obtaining the proper permits may be confiscated and the holder fined. The KDFWR strongly urges people not to take animals from the wild and attempt to make them pets. A person must not hold wildlife in captivity that was not legally taken or obtained. Persons transporting live deer or other types of cervids (members of the deer family) without proper documentation or permits, or holding live deer captive in unpermitted facilities or pens are subject to severe fines and may have their animals confiscated or destroyed. (301 KAR 2:082, 083)

DOG TRAINING & HUNTING WITH DOGS

Hunters may run or train dogs for small game and furbearers year-round as long as game is taken only during an open hunting season. Some WMAs have special restrictions on using dogs, so check ahead of time. All members of the party (unless licenseexempt) must have a valid hunting license to pursue small game or furbearer species. Dogs may not be used to chase, molest or hunt deer, elk, bears or turkeys, except: Dogs are permitted for locating and flushing turkeys during the FALL turkey season only, and dogs ON LEASH are permitted for tracking and locating wounded deer. Except during the season, raccoon and opossum hunters must not carry firearms, tree climbers, squealers or devices capable of killing, injuring or forcing raccoons or opossums from trees or dens. Squealers may be used during permitted field trials only. (KRS 150.370)

FIRE HAZARD SEASONS

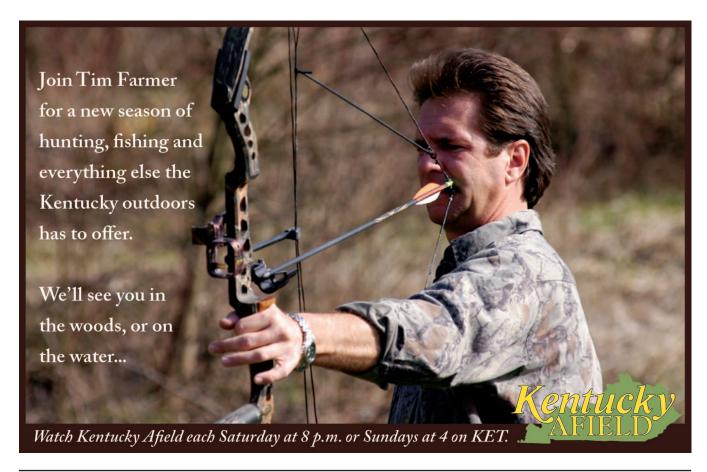

October 1 - December 15 and February 15 - April 30 are fire hazard seasons in Kentucky. During these periods, it is illegal to start any fires within 150 feet of any woodland or brushland except between the hours of 6:00 p.m. and 6:00 a.m. local time. Willful, malicious or wanton setting of forest fires at any time is a felony punishable by fines from \$1,000 to \$10,000 and imprisonment of up to five years. For information on specific county burning bans or restrictions call the Kentucky Division of Forestry at (502) 564-4496. (KRS 149.400)

What could you buy with an extra \$37.50?

If you're serious about your hunting and fishing, consider the sportsman's license (\$80). With just one license, you can hunt deer, turkey, doves and small game. The license also covers fishing and includes a trout permit. Buy all these permits separately, and you'll pay \$37.50 more. Buy a sportsman's license, and it's like getting your spring and fall gun turkey permits for free.

The sportsman's license. Fish and Wildlife's best deal.

WHITE-TAILED DEER HUNTING

WHITE-TAILED DEER HUNTING

If you plan to hunt deer in Kentucky, the first thing to know is whether you need a license and a deer permit. Most people will need both. The second thing is to determine what zone the county you plan to hunt has been assigned to, so check the county zone map. Regulations are different for each zone.

Zone regulations tell when you can hunt with a particular type of equipment, **the bag limit** on antlerless deer and explain how the different deer permits can be used. The statewide bag limit on antlered deer in Kentucky is the same for all zones.

Other things you need to be familiar with are how to record your kill on the permit you use, what situations require you to tag the deer, and how to check in your animal. Make sure the hunting equipment you use is legal for deer, and that you comply with the hunter education and hunter orange clothing laws.

Lastly, and perhaps most importantly, be sure you have **received permission** from the landowner of the property where you hunt. *ASK FIRST!*

TYPES OF DEER PERMITS, REQUIREMENTS & WHAT YOU CAN TAKE WITH EACH

Statewide Deer Permit

- 1. All license-required deer hunters must buy and carry a statewide deer permit.
- 2. Possession of a statewide deer permit allows the hunter to whom it was issued to take up to two (2) deer, following the harvest restrictions in effect for the zone he/she hunts.

Bonus Antlerless-Only Deer Permit

- 1. Purchase of a bonus antlerless-only permit allows a hunter to take up to two (2) antlerless deer, following the harvest restrictions in effect for the zone where he/she hunts.
- 2. A bonus antlerless permit is not valid unless the hunter has first purchased a statewide deer permit.

A Statewide or Bonus Antlerless-only deer permit may be used on private lands and wildlife management areas, as dictated by the county zone and WMA limits and restrictions in effect at the time hunting takes place.

Hunters who purchase any type of permit (or license) by phone or over the internet must carry the authorization number for each, and a picture ID while hunting. All paper deer permits (& licenses) must be signed and filled out by the hunter before hunting begins.

There are <u>no bonus antlered deer</u> <u>permits</u> available for private land hunting.

Bonus Quota Hunt Permit

- 1. Hunters participating in any quota deer hunt on a WMA, State Park, the Grayson Lake WMA Youth and the West KY WMA Open Gun Hunts, are eligible to use a Bonus Quota Hunt Permit during their quota hunt if they so choose.
- A bonus Quota Hunt Permit authorizes the quota hunter to take up to
 (2) two deer, one of which may be antlered <u>IF</u> allowed during that particular Quota Hunt. The hunter must be able to show proof of having purchased a statewide deer permit for the Bonus Quota Hunt Permit to be valid.
- 3. Deer taken on a Bonus Quota Hunt Permit do not count toward the statewide antlered deer limit, or the antlerless deer zone limit.

One-Deer Permit Option for Youth Hunters

- 1. In addition to the above-noted permit options, license-required resident and nonresident youth hunters ages 15 and under also have the choice to buy and use up to two (2) youth statewide deer permits per license year. A youth statewide deer permit allows the holder to take one (1) deer.
- 2. Youth hunters must follow all other deer hunting laws and bag limits.

DEER BAG LIMIT & HARVEST RESTRICTIONS

Bag limits and harvest restrictions apply to all hunters.

Antlered Deer Limit

(1) From Sep. 3, 2005 through Jan. 16, 2006 (deer season), a person may take no more than one (1) deer with visible antler (excluding button bucks) in Kentucky, except:

- a) a bonus antlered deer may be taken during a WMA or state park Quota Hunt if the limits and restrictions for each hunt allow, and the hunter possesses a Bonus Quota Hunt Permit; and,
- b) bonus antlered deer may be taken on Land Between the Lakes, Reelfoot National Wildlife Refuge, Ft. Campbell & Ft. Knox Military Reservations, Wendell H. Ford Regional Training Center and Blue Grass Army Depot as determined by the governing agency for each area.

Antlerless Deer Limit

- (1) In Zone 1 counties, there is no season limit on antlerless deer.
- (2) In Zone 2, 3 and 4 counties, the <u>combined</u> season limit is four (4) per hunter. Hunters may choose to take up to one (1) antlered deer and three
- (3) antlerless deer, OR take up to four (4) antlerless deer total.

Question: Can I take two deer from private land in a Zone 2 county, and later take three more deer from another private farm in a Zone 3 county?

Answer: No. If you hunt private lands anywhere that is specified as a Zone 2, 3, or 4 county, the season bag limit is four deer total per hunter. Even if you hunt in more than one of these zones, four deer is all you can legally take.

A hunter may take more than one deer in a day when zone regulations allow.

Question: Can I take a deer for someone else?

Answer: A deer hunter must claim any deer he or she takes as his own. Those who shoot more deer than the season individual hunter bag limit allows, or more deer than they have purchased permits to take are violating the law. Landowners, dependents and tenants are prohibited from taking deer (or turkey) they don't claim and check in as their own.

A hunter must abide by all license and permit use requirements, season dates, equipment and harvest restrictions in effect for the location where they hunt and time when they hunt.

MODERN GUN SEASON

During a county's modern gun deer season, modern firearms, muzzle-loading firearms, bow and crossbow equipment may be used, as long as it meets the requirements for that equipment and is used as described for deer hunting.

The hunter orange clothing law applies to <u>ALL HUNTERS</u> any time firearms can be used for hunting deer (or elk). The hunter orange law likewise applies to any person accompanying a hunter while a firearm deer or elk season is open. (Please read the law found in this guide in its entirety.)

Persons age 15 and under who hunt deer or elk with a firearm must be accompanied by an adult who must remain able and in a position to take immediate control of the youngster's firearm at all times while they are hunting.

Equipment Restrictions

Any caliber centerfire rifle or centerfire handgun is legal for deer hunting during modern gun season. (Centerfire means a firearm that fires a cartridge by the firing pin striking a primer in the center of the end of the cartridge case.) If you are unsure of whether a firearm uses centerfire ammunition, ask a local gun dealer. A rimfire .22 caliber rifle IS NOT legal for deer hunting.

Shotguns up to and including 10 gauge used with slug ammunition are legal. (Most common legal shotgun sizes include .410, 28, 20, 16, 12 and 10-gauge.)

Semi-automatic and pump action rifles or shotguns able to hold more than a total of 11 rounds (10 in magazine and one in chamber) are **NOT** legal for deer hunting.

A fully automatic firearm capable of firing more than one round with one trigger pull, or using tracer-bullet, full-metal jacketed ammunition, buckshot or any other type of shotshell ammunition is not legal for deer hunting.

BOW SEASON

During portions of the deer season when only bows can be used, deer hunters must not carry firearms. Hunters using bow equipment during a deer firearms season must follow all <u>firearm</u> season restrictions, zone guidelines and hunting requirements in effect during firearms seasons.

All hunters must comply with the hunter orange clothing law. This law requires all

hunters who hunt in a location when a firearm can be used for deer or elk to wear specific types of hunter orange clothing. The law does not require hunters to wear hunter orange when or where firearms are prohibited for deer hunting.

Bow equipment restrictions

Longbows, recurves and compound bows may be used for deer hunting. Arrows or crossbow bolts must be fitted with broadhead points with a cutting diameter of at least 7/8-inch wide when hunting deer. Barbed broadheads and field/practice point tips without cutting blades are prohibited for deer hunting. Chemically treated arrows or broadheads, or attachments (pods) containing chemicals, may NOT be used or possessed. There is no minimum draw weight on archery equipment.

MUZZLE-LOADING SEASON

Muzzleloaders, bows and crossbows can be used during this season. No modern (breech-loading) firearms of any kind are permitted for deer hunting during muzzleloader seasons. Anyone hunting during the muzzle-loading deer seasons must comply with the hunter orange clothing law. Persons ages 15 and under hunting deer with a muzzleloader must be accompanied by an adult who shall be in a position and able to take immediate control of the youth hunter's muzzleloader at all times while hunting.

Muzzle-loading equipment restrictions

Muzzle-loading rifles or handguns of any caliber are permitted. Muzzle-loading shotguns no larger than 10 gauge used with slugs only are permitted. A muzzle-loading firearm that can be fired more than once before reloading is permitted, as long as it meets the definition of a muzzle-loading firearm. In-line muzzle-loading rifles are permitted and using telescopic sights (scopes) on muzzleloaders is allowed.

YOUTH DEER HUNTING

In addition to the regular firearm and archery seasons, there are two more opportunities for younger hunters to deer hunt during the year.

October Youth-only Firearms Hunt

On the second weekend of October, (Oct. 8-9, 2005), <u>persons ages 15 and under</u> may hunt deer with a firearm statewide.

During the October youth hunt weekend, the appropriate hunting license and deer permits are required, and all other bag limit, zone restrictions and hunter requirements apply.

Free Youth Deer Hunting Weekend

On the first weekend following Christmas, (Dec. 31 - Jan. 1), persons ages 15 and under are eligible to participate in the Free Youth Deer Hunting Weekend. Youth may hunt deer with a firearm without having a hunting license or deer permit. Deer season bag limits, zone restrictions, harvest recording, checking requirements and equipment restrictions remain in effect. Please read the portion of this guide regarding filling out the hunter log, tagging and checking.

During Both Periods:

Persons ages 15 and under hunting deer with a firearm must <u>always</u> be accompanied by an adult who shall be in a position and able to take immediate control of the youth hunter's firearm at all times while hunting.

Adults accompanying youth deer hunters during <u>either</u> of these periods must **NOT** carry firearms. Adults accompanying youth hunters are not required to possess a hunting license or deer permit if the adult is not deer hunting. Remember, the hunter orange clothing law applies to those accompanying a youth deer hunter.

Equipment Restrictions

Same as permitted during the Modern Gun Season.

CROSSBOW SEASON

Crossbows and bows are permitted during this season. Hunting deer with firearms is prohibited during crossbow season. Hunters using crossbow and archery equipment during firearms deer seasons must follow all firearm season restrictions and hunting requirements. The hunter orange clothing law applies to all hunters when firearms are permitted for deer hunting.

Equipment Restrictions

Crossbows must have a working safety device. (KRS 150.260; 301 KAR 2:252; 301 KAR 2:172) See bow equipment restrictions as well.

How To Fill Out the Hunter Harvest Log for Deer, Turkeys, Bobcats and Otters

(Note: You will need to have a pen with you in the field.)

Here is an example of how to fill out a log for a deer, turkey, bobcat and otter.

BEFORE YOU MOVE THE ANIMAL FROM THE SPOT IT WAS FOUND:

Step 1: Mark the box for deer/turkey, or write in "Bobcat" or "Otter," and fill in the date, county and sex of the animal.

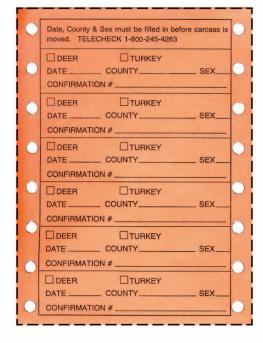

Step 2: Put the harvest log back in your pocket.

WHEN YOU CALL TO CHECK IN THE ANIMAL:

Step 3: Write the telecheck confirmation number on the harvest log, and keep the log information in your possession whenever you are in the field during the deer/turkey/bobcat/otter season.

Reminder: Animals must be checked by midnight on the same day recovered. If you give the carcass to anybody else before it's processed, you must first attach a completed carcass tag to the animal before it leaves your possession.

RECORDING, TAGGING, CHECKING AND TRANSPORTING HARVESTED DEER, TURKEY, BOBCAT & OTTER

All successful deer and turkey hunters, bobcat and otter hunters/trappers are required to follow the regulations below to legally record, check, tag and transport these game species.

Filling out the Hunter Harvest Record Log

All hunters who kill a deer or turkey, or kill or trap a bobcat or otter, are legally required to write down harvest information about their harvest on a Hunter Log as soon as the animal is recovered and before it is moved from the place it is found. Blank spaces to fill in the required harvest information are provided on the back of any paper license or permit. Otherwise, you may obtain a blank log sheet from a license dealer, use the example in this guide, or make one yourself and complete it as explained below.

Log information should be written in ink.

Although there are six blank spots on a pre-printed harvest log, that doesn't necessarily mean you can take six deer, turkeys, bobcats or otters. Season bag limits are in place for each species. Hunters must be able to show they have the correct licenses and permits for the game they intend to take.

Here's how to complete the hunter harvest record log:

- 1) If you have a paper deer permit or license, simply fill in the four blanks on the back that indicate the (1) species, (2) date of kill, (3) county where killed and (4) sex of the animal before you move the carcass. If you take a bobcat or otter, you may have to write in the species name in the box on the back of your license where you record the other harvest information and confirmation number. When it's filled in, stick the log permit back in your pocket. When you call to check-in the animal, write the check-in confirmation number in the final space in the same box.
- 2) You must have a <u>completed</u> hunter harvest log for each deer, turkey, bobcat or otter you've taken with you anytime you're in the field hunting that species during the season.
- 3) You must telecheck each deer, turkey, bobcat or otter, and write the telecheck confirmation number on the hunter harvest log by midnight of the day the animal is recovered. Hunters who return to the field to hunt on days after taking a deer, turkey, bobcat or otter

must have proof that they have checked in all animals previously taken.

ALL hunters not required to have a hunting license or permit, or who receive a license authorization number instead of a paper license, must create their own hunter harvest record log and follow the same requirements as noted above after taking a deer, turkey, bobcat or otter.

TAGGING

Placing a carcass tag on harvested deer, turkey, bobcat or otter is only required when the carcass leaves the possession of the hunter who harvested the animal. If you take a deer, for example, and it never leaves your possession, you are not required to put a carcass tag on the animal. Harvested animals in a hunter's possession are assumed to be his, unless they bear a carcass tag stating otherwise. An individual in possession of an untagged deer, turkey, bobcat or otter must have a fully completed hunter harvest record log as described above for each animal. The individual must be able to show the proper permits for the number of animals in his possession, unless license/permit exempt.

If a harvested deer, turkey, bobcat or otter leaves the possession of the person who harvested it, that hunter must <u>first</u> make and attach a carcass tag to the animal that clearly includes the following information:

- (1) Name of the person who took the animal(s).
- (2) Phone number of the person who took the animal(s); and
- (3) Telecheck confirmation number for each animal.

Hunters who keep their harvested deer, turkey, bobcat or otter with them have until midnight of the day they recovered the animal to check it in. Hunters who leave their harvest unattended, or intend to give the carcass to someone else, must telecheck that animal first, and write the confirmation number on the carcass tag as proof of doing so.

Meat processors and taxidermists are prohibited by law from accepting any part of an unchecked or untagged deer, turkey, bobcat or otter.

CITES Tagging Requirement for River Otter & Bobcat

Hunters or trappers who intend to sell the raw fur of an otter or bobcat must contact the KDFWR at 1-800-858-1549 and provide their telecheck confirmation number and request a CITES tag. The tag shall be attached per the instructions with the CITES tag, when received by mail, and remain with the pelt until it is

processed (the process of selling furs is discussed in the furbearer hunting section.) Possession of an unused bobcat or river otter CITES tag is prohibited, unless expressly authorized by the KDFWR. (301 KAR 2:251)

For bobcats and otters, a CITES tag may substitute for the hand-made carcass tag. (See Bobcat & Otter hunting/trapping section).

The purpose of the recording, tagging and checking requirements is to identify who took what and how many, and to insure that all animals have been checked in. The easiest item to use as a carcass tag is an index card. The tag must be placed on the animal before the hunter gives it to, or leaves it with someone else, or leaves a deer, for example, hanging unattended in a deer camp or elsewhere. The carcass tag must remain attached until processing begins or the hunter returns to take possession of the carcass.

The requirements stated here apply to <u>ALL</u> Deer, Turkey, Bobcat & Otter Hunters & Trappers.

MANDATORY HARVEST CHECK-IN CALL TOLL FREE 1-(800)-245-4263

All harvested deer, turkey, bobcats and otters must be telechecked through the toll-free, automated phone-in system by midnight on the day the animal is recovered. Before being transported out of Kentucky, you will need to enter your social security number and the code number of the county, or WMA when applicable, where you took the animal when you call. If you take a deer on public land (WMAs), you will need to enter the Public Land code number to identify which WMA the animal was taken on. County and Public Land codes appear elsewhere in this document.

You can check multiple animals during the same call. It takes about five minutes each. Here's what you do:

- 1) Call Toll Free 1-(800)-245-4263 (CHK-GAME). It's in service 24 hours a day while seasons are open.
- 2) Listen to each question carefully and provide the requested information using the keypad on any touch-tone phone. You will be asked to indicate the sex of the animal, what type of equipment you used, whether the animal was taken on private or

public land and what type of permit you used if you're required to have a permit.

- (a) Except for those who carry a \$5 Sr. Disabled Combination License or use a special deer control permit, all types of deer permits purchased by hunters are considered "statewide" permits when checking in your deer.
- (b) Landowners not required to purchase a deer/turkey permit who are checking in animals taken on their property will be asked to identify themselves as landowners during the survey as well. Landowners who take deer, turkey, bobcats or otters some-

- where other than on property they own must have the proper licenses and permits and answer accordingly when checking an animal.
- 3) Entering false information is unlawful.
- 4) Once your harvest information has been entered correctly, you will be asked to hold while the system submits your survey information. Be prepared to write down the confirmation number given by the system on the hunter harvest log for the animal you are checking in.

You *must* carry with you a completed harvest log for each deer, turkey, bobcat or otter you've taken any time you are hunting that species.

Transporting Harvested Deer Into Kentucky From Other States

Hunters bringing any deer or parts of deer into Kentucky shall have proof that the animal was legally harvested elsewhere and shall do so in compliance with the carcass importation laws outlined below.

A person may import a deer or elk carcass or carcass part from a Chronic Wasting Disease (CWD) infected state ONLY IF the quarters or other portions of meat have no part of the spinal column or head attached OR if the meat has been boned out. The following inedible parts of deer and elk from CWD infected states may be imported into Kentucky: antlers, antlers attached to a clean skull plate, a clean skull, clean upper canine teeth, the hide, or a finished taxidermy product. Hunters for the Hungry

Here is how you can help:

- 1. If you wish to donate a deer, take it to one of our cooperating processors.
- 2. Realize that money for processing is limited by donated funds.
- 3. Processors usually can not take a donation during firearms season, unless you are willing to cover the processing fee in full, and even then they may be too swamped to take more deer.
- 4. The fee is \$30 (half price) for off peak deer season until the sponsorship money runs out. Realize that processors may be paying the rest of the fee.
- 5. Off peak seasons like archery and muzzle-loading seasons are the best times to donate.
- 6. Processors are assigned a quota and when that is reached, cannot accept more deer unless the total processing fee is paid.
- 7. Processors cannot accept deer that have not been cleanly field-dressed and well cared for and in "good" condition.
- 8. Processors are vital to the program. Be sure to show them your gratitude.
- 9. Donations to the program, in form of checks, can be mailed to Kentucky Hunters for the Hungry, P.O. Box 176, Williamstown, KY 41097

DEER, PHEASANT & WATERFOWL QUOTA HUNTS

1-(877)-598-2401

During the month of September only, hunters may call FREE to apply for Quota Deer, Pheasant & Waterfowl Hunts. Applications for all three types of quota hunts can be made at the same time. A representative of Bass Pro Shops will assist you in the application process. Hunters should tell the operator you want to apply for a Kentucky quota hunt when calling.

Standard Ouota Deer Hunts

Any resident or nonresident hunter may apply for a Standard Quota Deer Hunt. Only the person(s) successfully drawn for quota hunts may hunt. SUBSTITUTIONS ARE NOT ALLOWED. Before you apply, it is best to review the Hunt Chart and Special Quota Hunt Instructions that follow for hunt dates and other important details about particular hunts.

Any legal deer hunting equipment is permitted during a standard quota hunt unless otherwise stated in the Special Hunt Instructions section. During hunts where firearms are permitted, hunters must comply with Kentucky's Hunter Orange Clothing and Hunter Education laws.

Hunters may take two deer on quota hunts, only one of which may be antlered, unless otherwise stated under the Special Instructions for Quota Hunts.

On hunts where an antler spread limit is in effect, hunters who take bucks under the 15-inch minimum outside spread limit will be ineligible to apply for a quota hunt the following season, and are subject to citation and having their deer confiscated (see graphic on page 32). Harvested deer must be recorded and reported for each hunt as noted in the Special Instructions section.

Statewide licensing requirements apply to quota hunters. Deer taken on a Bonus Quota Hunt Permit do not count toward a hunter's season limit. A Bonus Quota Permit is only valid if a statewide deer permit has already been purchased, and when used during a or State Park Quota Hunt, or during the West Kentucky WMA Open Gun Hunt, or Grayson Lake WMA Open Youth Hunt.

During all quota hunts, the West Kentucky WMA Open Gun Deer Hunt, and the Grayson Lake WMA Open Youth Deer Hunt, only persons participating in these hunts will be allowed to enter a WMA, except to use established public roads or areas designated open by signs. Waterfowl hunting may be posted open on some areas.

Hunters are required to get permission from private landowners before crossing private property to access any quota hunt area or to retrieve downed deer from private property. Quota hunters are expected to abide by the General WMA User Guidelines provided in this booklet. Respect the property rights of adjacent landowners and do not trespass.

Scouting and set-up of portable tree stands is permitted prior to hunts any time these areas are open. Portable tree stands and climbing devices that do not injure trees may be used. On state park lands, firearms or bows may not be carried afield while scouting or setting up tree stands before the hunt.

The KDFWR handles the application and random drawing selection only for the WMAs it owns or operates. Drawings for quota hunts on areas not owned or operated by the department are conducted by the governing agencies of those lands. To apply for hunts on these areas, contact them directly. Numbers for other hunting areas are provided at the end of the WMA section of this guide.

Owners of private inholdings (private property completely surrounded by WMA lands) or their guests may travel within the owner's lands, but may not enter the WMA except as described above. Owners of private inholdings or their guests may hunt on the owner's lands during scheduled quota hunts without applying, but must follow all other quota hunt rules. Private inholdings are open only during the hunts and under the regulations for the WMA in which they lie.

Hunt area maps and quota hunt information will be available when hunters check in for quota hunts. Maps and information about WMA quota hunts are also available in advance through the KDFWR website at **fw.ky.gov** or by calling 1-800-858-1549.

Check station locations are shown on these maps. Specific requirements for those drawn for quota hunts appear in this guide under Special Instructions for Quota Hunts.

Movement-Impaired Quota Hunts

Persons with one of the following physical conditions are eligible to apply for a movement-impaired quota hunt at either Taylorsville Lake State Park or Zilpo-Twin Knobs Campgrounds. At check in, drawn hunters must show a WMA Mobility-impaired Access Permit, available in advance of the hunt date, from the KDFWR.

- (a) Has permanent paralysis of at least one (1) leg;
- (b) Has at least one (1) foot amputated;
- (c) Is permanently confined to a wheelchair or must use crutches, or a walker as a means of support to pursue daily activities;
- (d) Is restricted by a lung disease to such an extent that the person's forced respiratory expiratory volume for one
- (1) second, when measured by spirometry, is less than one (1) liter, or the arterial oxygen tension is less than sixty (60) mm/hg on room air at rest;
- (e) Requires portable oxygen;
- (f) Has a cardiac condition to the extent that the person's functional limitations are classified in severity as Class 3 or Class 4 according to standards set by the American Heart Association; or
- (g) Has a diagnosed disease which creates a severe mobility impairment.

Application Directions For Adults

Adults may call and apply one time for a standard quota deer hunt. Adults will be given the option to pick a first and second hunt choice, but may be drawn to participate in only one standard hunt. The non-refundable fee is \$3 per hunter to apply. Each hunter that applies correctly, but isn't selected, will receive a preference point that increases the odds of being drawn next year (assuming the hunter applies the following year). Unselected hunters who do not apply the following year will lose all previously credited preference points. Applicants are selected based on individual preference points. Up to five people can apply together with one call. If any one of the group's social security numbers is drawn, the others in the group are automatically drawn, too.

Application Directions for Youth Hunters for Youth Hunts & Standard Hunts

Hunters that have not reached their 16th birthday by the hunt date may apply and be drawn for either a Youth Quota Hunt or Mentor Quota Hunt. (Hunters under 16 may also apply for a standard quota hunt. A total of two hunts.)

hunts, he or she can do so in one phone call but will be charged two application fees. Youth hunters can select a first and second youth/mentor hunt choice, and then apply for a first and second choice from the standard quota hunt list.

Mentor hunts are youth hunts during which the accompanying adult (mentor)

If a youth hunter elects to apply for two is eligible to take antlerless deer. On Mentor Hunts, there can be no more than one mentor accompanying a youth hunter, and no more than two youth hunters accompanied by a single mentor. An adult accompanying a youth hunter on a Youth Quota Hunt or Mentor Quota Hunt does not apply for that **hunt.** Only the child is to apply.

WHAT YOU NEED TO KNOW TO CALL & APPLY

CHECK-IN INSTRUCTIONS FOR DEER QUOTA HUNTERS

Check-in Instructions for **Quota Deer Hunters**

 All quota deer hunters must check in before they hunt and out when finished hunting, the bag limit is reached, or when the hunt period concludes, except quota hunters on the Dale Hollow Lake State Park Quota Hunt, and on the General Burnside Island, Green River Lake, and Mineral Mound State Park Archery / Crossbow Only Quota Hunts.

Check-in and check-out times for WMA quota hunts are:

Day before hunt: Noon – 8 p.m. local time Hunt days: 5:30 a.m. – 8 p.m. Eastern, 4:30 a.m. – 7 p.m. Central, depending on location of the WMA. (Green River WMA is considered in the Eastern Time Zone)

- 2) At check-in quota deer hunters must show the following:
 - a) their social security number or hunt confirmation number
 - b) Proof of purchasing a valid Kentucky hunting license (except those on military furlough of more than 3 days who shall present their military identification/status) and
 - c) proof of having bought a statewide deer permit, (a junior may show a junior deer permit) and
 - d) a hunter education card if required under the Kentucky Hunter Education Law.
- 3) If a quota hunter has already taken two deer with the statewide deer permit, he or she must have either a valid Bonus Quota Hunt Deer Permit or a Bonus Antlerless-only Permit in possession while hunting.
- Persons checking in for a mobility impaired hunt must present a KDFWR-issued WMA Mobility-impaired Access Permit, obtained prior to the hunt.
- 5) Landowner license exemptions do not apply when on a quota hunt.

When judging size in the field, remember the guideline that you can't shoot a buck on a Quality Deer Management (QDM) area UNLESS it has an outside antler spread that is wider than its ears (at least 15 inches). If the outside spread doesn't extend beyond both ears, let it walk.

6) Hunters who fail to check-out, when required, or violate other hunt requirements will be blocked from applying for any quota deer hunt next year.

Note: Hunters who want to take an antlered deer (where permitted) during a quota hunt, and have already taken an antlered deer previously during the season, must possess a Bonus Ouota Hunt Deer Permit.

Special Instructions for Quota Deer Hunts

Unless otherwise stated below, hunters may take up to two (2) deer (only one of which may be antlered) during a quota hunt. Baiting is prohibited on WMAs and state parks.

BALLARD STANDARD AND YOUTH QUOTA HUNTS

- 1) ALL hunters participating in the Ballard standard and youth quota hunts will take part in a random drawing at the time of check-in to determine whether they can take either sex deer, or are limited to antlerless deer only. Assignments are final.
- 2) Mobility impaired (MI) hunters are encouraged to apply for the Ballard standard hunt. A limited number of hunting sites for drawn MI hunters will be available, if needed. A MI eligible hunter (see requirements) may take part in a random drawing at check-in to hunt from a MI site. Maps will be provided. A free MI hunter permit must be obtained in advance from the KDFWR to confirm eligibility. A MI hunter may be accompanied by another person, but that person shall not be permitted to hunt. Drawn MI hunters may hunt whether they request to draw for a MI site or not.

BEAVER CREEK, FISHTRAP LAKE, GREEN RIVER, HIGGINSON-HENRY, MILL CREEK, PAINTSVILLE, PENNYRILE-TRADEWATER WMA, and JENNY WILEY STATE PARK STANDARD HUNTS, AND THE YELLOWBANK MENTOR HUNT

 Hunters participating in the Beaver Creek, Green River, Higginson Henry, Paintsville Lake, Pennyrile Tradewater, Jenny Wiley State Park and Yellowbank Mentor quota hunts CAN NOT TAKE an antlered deer with an outside antler spread of less than 15 inches.

- 2) The limit for hunts on Beaver Creek, Fishtrap Lake and Mill Creek WMAs is **one deer of either sex** per hunter.
- Adults accompanying youth on the Yellowbank WMA mentor hunt shall not take antlered deer.
- 4) Hunters on the Jenny Wiley State Park Hunt must comply with hunter orange clothing law due to the cow elk gun season going on in Floyd County at the same time.

BARREN RIVER LAKE,
DALE HOLLOW LAKE,
GENERAL BURNSIDE ISLAND,
GREEN RIVER LAKE,
GREENBO LAKE, LAKE BARKLEY,
MINERAL MOUND, AND
TAYLORSVILLE LAKE STATE
PARK QUOTA DEER HUNTS

- 1) The Taylorsville State Park quota hunt on Dec. 3-4 is limited to persons who are movement-disabled and meet the eligibility requirements as previously outlined. (Mobility-impaired access permit required at check-in.) Drawn hunters may be accompanied by an other person but that person will NOT be permitted to hunt.
- 2) To spread hunting pressure over these parks, and to make getting harvested deer out of the woods easier, hunters are encouraged to use boats to access more remote portions of the hunt areas. State park boat ramps will be open for use during quota hunts.
- 3) Hunters drawn for the quota hunt at Lake Barkley State Park will be randomly assigned a hunt area. Tracts are marked on the area hunt maps. After October 11, those selected for this hunt can learn their tract assignment by calling the KDFWR and providing their confirmation number to the operator. Tract assignments are final.
- 4) Areas within these parks that are off limits to hunting (such as lodges, campgrounds, employees' residences, maintenance compounds, ranger stations, water treatment plants, picnic areas and marinas/boat ramps) are marked with signs and/or flagging tape or as indicated on hunt maps. Additionally, there is to be no hunting within 100 yards of a maintained road or building. Hunters must also have their firearms unloaded and cased when not in legal hunting areas.

5) Hunters drawn to hunt in the Dale Hollow Lake State Park Quota Hunt and General Burnside Island, Green River Lake, and Mineral Mound State Park Quota Archery / Crossbow Hunts do not have to check in or out, but shall telecheck any harvested deer as required by statewide regulations.

GRAYSON LAKE WMA OPEN YOUTH, WEST KENTUCKY WMA QUOTA AND OPEN, AND ZILPO-TWIN KNOBS CAMPGROUNDS OUOTA DEER HUNTS

- 1) The designated scouting day for the Grayson Lake Open Youth Hunt is the Friday preceding the hunt. On this day, vehicles will be permitted within the hunt area between 9 a.m. and 4 p.m. for youths (and their accompanying adults) drawn for the hunt. Department personnel will be available at the check station 10 a.m. to 8 p.m. to answer questions and provide additional information. Scouting is permitted on other days prior to the hunt, but access will be by walk-in or boat only.
- 2) On West Kentucky WMA, Tracts 1, 2, 3, 4, 5 and 6 are the only areas quota and open gun hunters are allowed to deer hunt. Shotguns used with slugs or muzzleloaders are the only firearms permitted for deer hunting anywhere on this area.
- 3) The Zilpo-Twin Knobs Campgrounds quota hunt is limited to persons that are movementdisabled and who meet the eligibility requirements as de scribed previously. (Mobility-impaired access permit required at check-in). Check-in will be upon hunter arrival the day of the hunt from 5:30 a.m. until close of the legalhunting time. Each hunter can be accompanied by one individual who may not hunt, but may assist the hunter with retrieval and field dressing of downed deer, etc. Hunters will be assigned randomly to one campground or the other. After October 11, hunters can find out about their assignment by calling the KDFWR and providing their confirmation number to the operator. Assignments are final. All hunters will be escorted to designated stand locations from which they will be required to hunt. Hunting can only be done from these locations unless otherwise informed by hunt management personnel. Hunter stand locations will be assigned by random drawing at check-in. Vehicular access to the campgrounds for scouting prior to the hunt is not permitted.

PHEASANT QUOTA HUNTS

Quota pheasant hunts are offered at the Green River Lake WMA (100 hunters per hunt) on Nov. 18, 19 and 20, 2005, and on the Clay WMA (for 70 hunters per hunt) Dec. 2, 3, and 4. Advanced-application by phone is required.

Each day's quota hunt will begin at 9 a.m. and conclude at 4 p.m. Eastern time. Equipment legal for hunting other small game species is permitted during these hunts. Dogs are permitted. The daily bag (hunt) limit is two birds of either sex per hunter and wearing hunter orange as defined in Kentucky's hunter orange clothing law is required.

Rabbit, quail and squirrel hunting is closed on Green River Lake Nov. 18-21, 2005. Rabbit, quail, squirrel and grouse hunting is closed on the Clay WMA Dec. 2-5, 2005. Only hunters with a pheasant quota hunt permit may take pheasants during the quota hunt, or on the day following the last quota hunt day. (301 KAR 2:251; 301 KAR 2:049)

Application Directions

An individual can apply for one hunt.

Up to five people may apply as a group for a single hunt. Social security numbers for each applicant are required. The hunter who calls in the application will be responsible for paying \$3 per social security number entered. **Application fees are nonrefundable.** Applicants will be given a first, second and third choice of hunt dates, or any available.

Hunters under 18 years old who apply for a pheasant hunt must do so as part of a party that includes at least one adult.

Requirements for Drawn Quota Pheasant Hunters

- 1) All quota pheasant hunters must carry while hunting:
 - a) a valid pheasant quota hunt permit
 - b) proof of a valid Kentucky hunting license,
 - c) form of identification; and,
 - d) a hunter education course completion card as required by state law.
- 2) Hunters shall wear hunter orange clothing as defined in Kentucky's hunter orange clothing law on all hunts.
- 3) Those <u>drawn</u> for a quota pheasant hunt will be required:
 - a) to purchase a \$25 pheasant permit

- b) to send in a self-addressed stamped envelope AND the pheasant hunt permit fee payment by check or money order to:
 - KDFWR Pheasant Hunt, #1 Game Farm Road, Frankfort, KY 40601.
- c) to include his confirmation number with the payment. (A payment for a party shall cover the full amount of the party's permit fees in one check.)
- d) to mail the permit payment postmarked no later than midnight October 30, 2004.

Payment of permit fee(s) is required in advance from an individual, or the person who applies for a party of hunters, for ALL members of the party. Payments received for less than the total amount due will NOT BE REFUNDED and no permits will be issued for a hunt. Please make sure you send in the correct amount for the number of hunters in your party.

Failure to comply with any of the permit payment directions given above may result in being disqualified from this year's or future hunts.

Bonus Hunt Day for Drawn Quota Pheasant Hunters

The day following the final pheasant quota hunt on each WMA is reserved as a free, bonus hunt day for drawn pheasant quota hunt permit holders. Therefore, ONLY hunters who possess a permit for a Green River WMA quota pheasant hunt may hunt pheasants on Green River WMA on Monday, Nov. 22. ONLY hunters who possess a permit for a Clay WMA quota pheasant hunt may hunt pheasants on Clay WMA on Monday Dec. 6. No additional fee will be charged for the "bonus hunt" day, but quota hunters must carry their pheasant hunt permit, hunting license and wear hunter orange clothing as required during their previous hunt. The daily bag limit for bonus day hunts is three birds per hunter.

(See the Green River and Clay WMA listings elsewhere in this guide for season dates and limits for the open pheasant season following the bonus hunt day.)

WHAT YOU NEED TO KNOW TO CALL & APPLY

Hunters Note: There are no mail-in applications. You MUST APPLY BY PHONE. The following is a guide to save you time when you call.

- a. Have the Social Security number for each hunter in your party. Up to five may apply as a group.
- b. Select a first, second and third choice, or you may apply for any available date from the hunts below.

Green River #1 (Nov. 19) _____Clay #1 (Dec. 3) _____

Green River #2 (Nov. 20) _____ Clay #2 (Dec. 4) __

Green River #3 (Nov. 21) _____ Clay #3 (Dec. 5) ___

Payment Methods – Visa, Mastercard, or Discover, money order or personal check accepted. If you elect to pay by check, only one check will be accepted per party.

Mail-in check or money order payments MUST BE POSTMARKED by September 30, 2005, made payable and mailed to:

> Bass Pro Shops 2500 East Kearney Springfield, MO 65898 Attn: KY Quota Hunts

An applicant paying by check or money order, for himself or for his hunt party, must include his/her CONFIRMATION NUMBER ON THE CHECK OR MONEY ORDER to insure entry in the drawing.

- 3) Call toll-free 1-877-598-2401 from any touch-tone telephone. Operators at Bass Pro can only take quota hunt application calls **September 1-30**.
- 4) Provide information requested by the operator. At the end of the call you will be given a **confirmation number**. Write this number down. You will need it later to find out if you were selected to hunt.

After October 11, log on to fw.ky.gov to find out if you were drawn for any type of quota hunt. Hunters who confirm being drawn on-line may print that confirmation as proof of applying successfully. Applicants may also call the KDFWR weekdays 8 a.m. to 4:30 p.m. Eastern at 1-800-858-1549 after October 11 and provide either your confirmation number or Social Security number.

WATERFOWL QUOTA HUNTS

Waterfowl hunters will be able to apply for quota hunts by calling the same phone number and following the same payment process in place for deer and pheasant hunts during the month of September. There will be a minimum \$3 charge to apply. A hunter can apply for a maximum of one hunt per area.

However, dates for waterfowl hunts on the Ballard, Sloughs and Boatwright WMAs are not approved by the U.S. Fish and

Wildlife Service until late August, which is too late to be included in this guide.

Therefore, waterfowl quota hunt dates and other instructions WILL BE POSTED SEPTEMBER 1 on the KDFWR website at fw.ky.gov, or will be available from the KDFWR Information Center at 1-800-858-1549 weekdays 8 a.m. to 4:30 p.m., Eastern.

DOVE HUNTING INFO

Special Hunter Note: The KDFWR offers youth August 15 to August 24 to reserve a spot for these hunts hunters and an accompanying adult the opportunity to participate in Mentor Dove Hunts on a limited number of public fields on opening day of dove season, September 1. Other than statewide licensing requirements, no additional "hunt" permits are required.

(1-800-858-1549) weekdays 8 a.m. to 4:30 p.m Eastern from

Reservations will not be taken outside these dates. Reservations will be taken on a first-come, first-served basis until the designated spaces are filled.

Locations of mentor hunts will be published in the 2005 Dove & Early Duck Guide, or be available from the Participants must call the KDFWR Information Center KDFWR website or Information Center in mid-August.

ELK HUNTING

Quota Hunts Inside the Restoration Zone

For the 2005-06 hunting season, 100 elk permits will be awarded. Permits are awarded by random drawing to those hunters who apply through the purchase of a \$10 elk draw permit prior to July 31.

Hunting will be permitted in both limited entry areas (large blocks of both public and private lands established to manage for high-quality elk) and on public and private lands within the restoration zone at-large, that are not part of a limited entry area. Permits will be valid for only a specific hunt period.

The following public lands are open to In **Zone At-Large** firearm and archery quota elk hunts. Firearm hunts are Oct. 1-7 (bull) and Dec. 3-9 (cow). Quota archery hunts run from Oct. 1 – Jan. 16. Drawn elk hunters, or any other person hunting public or private lands open to a firearm elk hunt must comply with the hunter orange clothing law while the elk firearm season is open.

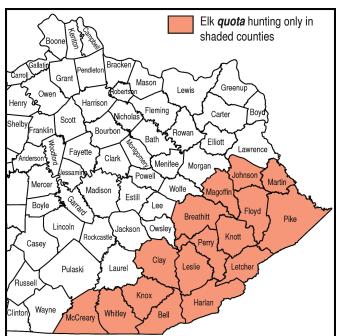

WMAS

Ataya Hardwoods (portions in Bell and Knox counties, and Leslie County east of US Hwy 421), and all of Beaver Creek, Beech Creek, Big South Fork NRRA, Buckhorn Lake, Carr Creek Lake, Cranks Creek, Dewey Lake, Fishtrap Lake, Hensley-Pine Mountain, Kentucky Ridge Forest, Martins Fork Lake, Paintsville Lake, Shillalah Creek, and Stone Mountain WMAs.

Other areas

Also, the McCreary & Whitley County and non-Begley/Redbird WMA Limited Entry Area portions of the Daniel Boone National Forest in Bell, Clay, Harlan, Knox, Leslie and Perry counties, the Jefferson National Forest, Kentucky Ridge State Forest and Kentenia State Forest are open to In Zone At Large firearm and archery quota elk hunts. Anyone hunting where and when an open firearm quota elk hunt is going on must comply with the state hunter orange clothing law.

Dates for elk firearm quota hunts for In Zone At Large, and Limited Entry Area are the same. Hunters may use equipment legal for deer hunting, except that centerfire rifles or handguns must be a minimum .270 caliber.

To apply, you must purchase an elk application permit before midnight July 31. An individual hunter may apply only one time. Those who apply will not be able to specify what sex they want to hunt, or if they want to hunt a limited entry area or in the zone at-large. Hunters who apply should understand they may be drawn for either sex, a limited entry area permit OR an at-large permit. Anyone hunting on private land is responsible for obtaining landowner permission to hunt.

Resident hunters drawn for an elk permit are required to pay a \$25 elk hunting fee in addition to having a hunting license. Non-residents that may be drawn will be required to pay a \$300 fee and have an annual Kentucky nonresident hunting license prior to the hunt. Hunt fees must be remitted to the KDFWR prior to the hunt period and before the permit is issued. Residents and nonresidents are eligible to apply (two additional bull permits are awarded annually to conservation organizations that agree to auction the permits to raise money for elk management).

Drawn elk hunters are permitted two assistants during their hunt. Get your name in the hat by July 31 for this year's drawing. Have your social security or driver's license number handy. Hunters may apply at any license outlet, over the internet or toll free by phone at 1-877-598-2401.

LIMITED ENTRY AREA DESCRIPTION

Begley WMA/Redbird Limited Entry Area

Starting at the Thousand Sticks exit on the Hal Rogers Parkway, the boundary proceeds east along Hwy. 118 to the junction of US 421 at Hyden, KY. The boundary then proceeds south along Hwy. 421 to the intersection of 421 and Hwy. 221. It then proceeds west along 221 to the intersection of 221 and Hwy. 66. The boundary then goes north following 66 to the intersection of 66 and US 421/Hwy. 80 (Hal Rogers Parkway). The boundary then goes east along the Hal Rogers Parkway to the Thousandsticks exit completing the boundary.

It is possible other limited-entry areas may be available to elk hunt by the quota hunt dates.

ELK HUNTING OUTSIDE THE RESTORATION AREA

Kentucky has established a 16-county restoration zone where elk may only be taken by hunters who have been drawn for a quota hunt permit as previously described.

The elk restoration zone includes the following 16 counties: Bell, Breathitt, Clay, Floyd, Harlan, Johnson, Knott, Knox, Leslie, Letcher, Magoffin, Martin, McCreary, Perry, Pike and Whitley.

However, elk may be taken from any county outside the restoration zone during deer season by a legal deer hunter who possesses an elk application permit.

Elk taken in counties OTHER THAN THE 16 COUNTIES LISTED ABOVE do not count toward the deer season limit. The season bag limit on elk is one per hunter per season. Elk do not have to be telechecked. However, these animals must be immediately reported to the KDFWR and checked on site before the carcass is moved. Hunters may field dress the animal, but it cannot be transported from the spot where it was taken until checked by a KDFWR enforcement officer or biologist.

Hunters who harvest an elk outside the restoration zone must call (800) 252-5378 and report the kill. Hunters who fail to properly report harvested elk taken in counties outside the restoration zone are subject to severe fines and other penalties.

IS IT A DEER OR AN ELK?

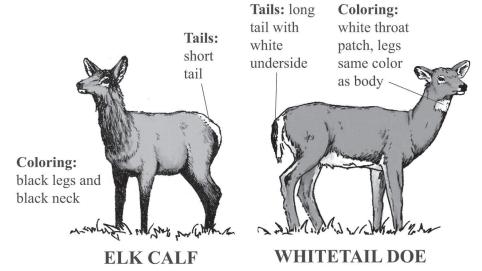

Now that elk have been re-established in Kentucky, it is important that hunters be able to tell the difference between elk and deer. Please study the illustration below and positively identify the species before you shoot.

DEER FAWNS vs. ELK CALVES

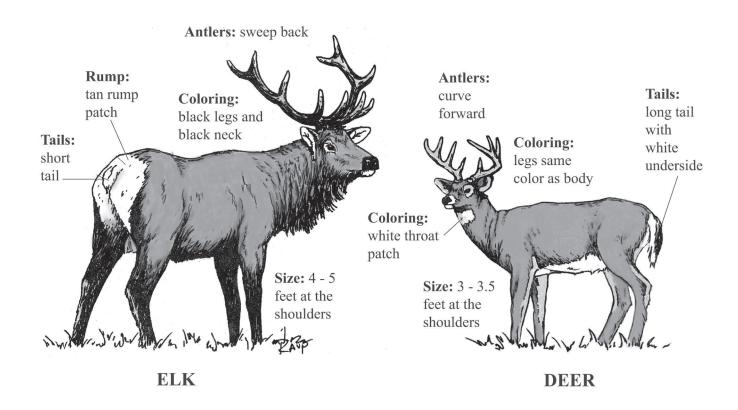

- 1. Deer often give birth to twins. Elk usually give birth to a single calf.
- 2. At birth, a whitetail deer fawn usually weighs seven to eight pounds. An elk calf can weigh up to 45 pounds.
 3. Both whitetail fawns and elk calves are spotted for the first few

months of life, and are

born in May and June.

Don't always depend on size to differentiate between deer and elk. A five-to six- month-old elk calf is about the same size as an adult whitetail doe.

2004 SEASON BOONE & CROCKETT TROPHY DEER LIST

Hunters interested in being recognized for taking a trophy whitetail in Kentucky this season are encouraged to notify the KDFWR of any typical buck taken in Kentucky that officially scores 160 or above typical, or 185 or higher nontypical in the Boone & Crockett scoring system. Hunters can call the KDFWR toll free number to have a rack officially measured, or report an official score. Trophies taken this season will be published in the next season's guide.

TURKEY HUNTING SEASONS

FALL 2005

BOW September 3, 2005 - January 16, 2006

Open statewide. Unless exempt, fall archery turkey permit required. The fall bow bag limit is two (2) turkeys of either sex, but only one bird may be taken per day.

Bow and crossbow hunters can take turkeys during the modern gun deer season as long as they possess a fall turkey archery permit.

FALL SHOTGUN

October 22-28 & Dec. 3-9

Open statewide. Legal shotgun, bow or crossbow equipment permitted. Unless exempt, fall gun turkey permit required.

The fall shotgun season bag limit is two (2) turkeys of either sex, but only one bird may be taken per day.

SPRING 2006

Youth-Only April 1-2

Open statewide. Only hunters ages 15 or younger by the hunt dates may hunt turkey on these days. Youth who hunt must have a hunting license and turkey permit unless license exempt. Hunter education requirement applies. Legal shotguns, bows or crossbows permitted.

Hunters 15 and younger who hunt turkey with a shotgun at any time must be accompanied by an adult who is at least 18 years old. The adult must remain close enough to the hunter to take immediate control of the youth's shotgun. During youth only season, adults shall not carry firearm or archery equipment, may not accompany more than two (2) youth at the same time, and are not required to have a license or permit.

General Season

April 15 - May 7

Open statewide. Legal shotguns, bow or crossbow equipment permitted. Hunting license and spring turkey permit required, unless exempt. Hunter education requirement applies. Hunters 15 and younger who hunt turkey with a shotgun at any time must be accompanied by an adult who is at least 18 years old. The adult must remain close enough to the hunter to take immediate control of the youth's shotgun.

Spring Turkey Bag Limits

A hunter shall take no more than two (2) male turkeys or turkeys with visible beards during the spring. Only one (1) bird may be taken per day. Turkeys taken by youth during the Youth-Only Season count toward the spring turkey bag limit.

TURKEY PERMIT REQUIREMENTS

Unless exempt, all turkey hunters must carry the appropriate turkey permit or have been issued an authorization number for a turkey permit before hunting. Fall bow and crossbow hunters must have an archery permit and fall gun hunters must have a fall gun permit. Spring turkey hunters must have a spring permit.

New for the Fall of 2005 and thereafter: Youth 15 and under are eligible to purchase a youth turkey permit, which is valid during any turkey season for one turkey. Youth hunters must abide by season bag limits and harvest restrictions but can use the youth permit throughout the license year.

In other words, if a youth hunter buys a youth permit for the spring season and does not take a male turkey or turkey with a visible beard, he or she can use that same permit during a fall season for a turkey of either sex. (Note that a youth turkey permit bought after the spring season is over, would only be good for the upcoming fall seasons. Once the license year concludes at the end of February, a new year permit is required. Since it is possible throughout the license year to legally take up to six turkeys (two spring, two fall crossbow or bow, and two fall shotgun), a youth hunter could use up to six youth permits in a license year.

TURKEY HUNTING EQUIPMENT REQUIREMENTS

Those hunting during the spring OR fall turkey seasons must abide by the following equipment requirements. Note: More restrictive equipment requirements may apply to some WMAs.

Firearms/Ammunition

- 1. Modern (breech-loading) and muzzle-loading shotguns no larger than 10 gauge or no smaller than 20 gauge are the only firearms that can be used or possessed when hunting turkeys.
- 2. No rifles or handguns of any type permitted.
- 3. Hunters shall not use or possess shot, or any shotshell that contains, larger than Number 4 size shot while turkey hunting. (Shot sizes 4, 5 and 6 are most effective for turkeys.)
- 4. Hunters shall not possess or use shotgun slug or single projectile ammunition while turkey hunting.
- 5. Modern (breech-loading) shotguns shall be plugged to hold no more than three shells (one in chamber, two in magazine).

Bow and Crossbow equipment requirements

- 1. Longbows, recurve bows, compound bows and crossbows of any draw weight are legal. Crossbows must have a working safety device.
- 2. Arrows for bows and crossbows shall have barbless broadhead points at least seven-eighths inch wide, and shall not be treated with any type of chemical or carry any type of chemical "pod" attachments. (301 KAR 2:140)

Equipment that does not meet these requirements is prohibited for use when turkey hunting.

SHOOTING HOURS SPRING AND FALL

One-half hour before sunrise to one-half hour after sunset.

TURKEY HARVEST RECORDING & TAGGING REQUIREMENTS

The process and requirements for recording, tagging and checking harvested turkeys is the same as for deer. Please refer to the deer hunting section for that information and explanation of how to fill in the hunter harvest log and carcass tag when necessary.

TURKEY CHECKING REQUIREMENTS

All turkeys taken in Kentucky must be reported through the Telecheck Harvest Reporting System by midnight on the same day it was taken and/or before the carcass leaves Kentucky.

To use the telecheck system, dial toll-free **1-800-245-4263** (CHKGAME) from any touchtone phone 24 hours a day and enter the information requested by the automated system.

PROHIBITED HUNTING METHODS

A person hunting wild turkey SHALL NOT:

- 1. Use a dog, except during the fall seasons to locate and flush birds.
- 2. Hunt from any type of vehicle or boat.
- 3. Take a roosting turkey. (A roost is the place a turkey spends the night.)
- Use or possess recorded, electronically produced or digitally reproduced calls.
- 5. Use live or electronic turkeys as decoys.
- 6. Take a turkey by the aid of baiting, hunt on a baited area while bait is present, or hunt on a baited area for 30 days after all bait has been removed. A baited area is any place where feed, grains or other substances capable of luring wild turkeys have been placed. Turkeys can't be hunted over any area baited for deer. An area where grains or other feeds exist as the result of legitimate agricultural practices, or as the result of growing or manipulating a crop for wildlife management is legal for hunting; or
- 7. Call or attempt to call wild turkeys by mimicking the sounds made by a wild turkey from March 1 until the opening day of spring turkey season in any area open to turkey hunting if turkeys are reasonably expected to occur. Locator calls such as crow or owl calls are permitted. (301 KAR 2:140)

Hunters Note:

A person may assist or call turkeys for another legal hunter. The assistant / caller does not have to possess a hunting license or turkey permit, BUT shall not carry any type of hunting equipment. Only hunters with a valid license and permit who have not taken the season bag limit can carry a shotgun, archery or crossbow equipment when turkey hunting.

POSSESSION/RELEASE OF LIVE TURKEYS

Because of potential disease problems and genetic pollution, it is illegal to possess live wild turkeys. For the same reasons, domestic or pen-raised turkeys should not be released into the wild. Due to the potential for spread of disease, it is recommended that turkeys not be artificially fed. Providing standing corn, wheat or clover patches is a much better alternative.

2006 Spring Turkey Hunting on WILDLIFE MANAGEMENT AREAS (WMAs)

This section lists the KDFWR-owned or managed WMAs where special regulations are in effect for the spring 2006 turkey season. It also lists WMAs that are closed to spring turkey hunting. If you spring turkey hunt any of the open WMAs listed below, you can only do so as outlined under the area listing.

Other KDFWR-owned or -managed WMAs are open for spring turkey hunting following statewide season regulations. All KDFWR-owned or managed WMAs are open for the spring squirrel season under statewide regulations. A complete list of Department-owned WMAs is available from the KDFWR and at fw.ky.gov.

General laws for hunting turkeys, such as equipment requirements, shooting hours, filling out a hunter log, tagging and telecheck procedures, apply to hunters on WMAs just like everyone else. The KDFWR urges hunters to be courteous, sportsmanlike and conduct themselves with safety in mind at all times while using public (or private) lands.

Barren River WMA- Peninsula Unit (including Narrows,

Goose and Grass Islands, Barren and Allen cos.)

Open for the general and youth-only spring turkey seasons under statewide regulations, except a hunter shall not hunt with modern breech-loading firearms or carry modern firearms with ammunition in the chamber or magazine while hunting on this unit.

The remainder of the Barren River WMA is open under statewide regulations for the youth-only and general turkey seasons.

Higginson-Henry WMA (Union Co.)

Open for the general and youth-only spring turkey seasons, except only archery equipment may be possessed or used for turkey hunting.

Pioneer Weapons WMA (Bath & Menifee cos.)

Open for the general and youth-only spring turkey seasons, except that legal muzzle-loading shotguns are the only firearms that can be possessed or used. Hunters shall not use in-line muzzle-loading firearms, scopes or other optics, or breech-loading modern shotguns. Archery and crossbow equipment must meet the same requirements in effect for the statewide spring turkey seasons.

Main Block of Robinson Forest WMA (Breathitt & Knott cos.) Swan Lake Tract of Boatwright WMA (Ballard Co.) Both Closed to all turkey hunting.

West Kentucky WMA (McCracken Co.)

Open to spring youth-only turkey season. No other spring turkey hunting permitted. Tracts marked with the letter "A" are closed to turkey and squirrel hunting. Tract 6 is closed to vehicular traffic Feb. 1 – March 31.

MeadWestvaco WMA (Carlisle and Hickman cos.)

Open for the general and youth-only spring turkey seasons, except that all hunters must possess a valid MeadWestvaco WMA Hunting Permit (free). For permit information, write Westvaco Forest Resources, 3901 Mayfield Road, Wickliffe, KY 42087; phone (270) 335-3151. Other MeadWestvaco properties are closed to public hunting.

Other Public Lands Open Under Special Regulations & Seasons

The following public lands are **not owned or managed by the KDFWR** and have **special seasons**, **regulations and hunter requirements for turkey & squirrel hunting**. For complete information on hunting and using these lands, you must contact each directly at the addresses or telephone numbers listed below. Quota hunts require advance registration.

ATTENTION HUNTERS! KNOW THE FACTS ABOUT CHRONIC WASTING DISEASE

Chronic Wasting Disease has not been found in Kentucky. However, it has been found in 13 states and 2 Canadian Provinces. The KDFWR encourages all hunters to learn the facts about this disease of deer and elk and take all necessary precautions when hunting.

What is Chronic Wasting Disease?

Chronic Wasting Disease, or CWD, is a Transmissible Spongiform Encephalopathy (TSE). TSEs are fatal neurological diseases characterized by the degeneration of the brain. CWD is one of several different forms of TSEs affecting a number of animal species. Scrapie is a common disease in sheep and goats. Bovine Spongiform Encephalopathy (commonly called "mad-cow") affects cattle. Creutzfeldt-Jakob disease affects humans.

The nature of the CWD agent is still a matter of debate. According to the most widely accepted theory, the disease agent is a prion. A prion is a mutated protein in the body that causes other normal proteins to fold abnormally and cause sponge-like holes in the brain. Prions resist freezing, drying and heating at normal cooking temperatures, even those used for sterilization.

What are the symptoms?

In the later stages of infection, deer and elk infected with CWD will show signs of progressive weight loss, excessive salivation and urination, increased water intake, depression, and eventually, death. Animals can be infected with CWD for months or years before outward signs of infection are evident.

How is it transmitted between animals?

Although the exact method of transmission is unknown, CWD is transmitted from animal to animal. In all probability, the transmission is through body fluids like feces, urine, or saliva. Animals that are crowded or confined have a greater chance of encountering the body fluids of other animals and therefore, have a higher likelihood of becoming infected if the prion is present. Animals with a social system that includes close contact with herd mates also have a higher chance of becoming infected. There is evidence that CWD prions can survive in the environment after infected animals are removed.

Where has CWD been found?

CWD has NOT been found anywhere in Kentucky. It has been found in the following states and provinces: Colorado, Illinois, Kansas, Minnesota, Montana, Nebraska, New Mexico, New York, South Dakota, Oklahoma, Utah, Wisconsin, Wyoming, Alberta and Saskatchewan.

Is it safe to hunt deer in Kentucky?

Absolutely. There is no reason to suspect that CWD is present in Kentucky. Hunting deer in Kentucky remains a safe activity, but when hunters handle any animal carcasses, certain precautions should be taken, such as not using household utensils to field dress animals and wearing latex gloves when handling any harvested animal. If you harvest an animal that appears sick or is acting strange, note the animal's location and contact the KDFWR.

What is the KDFWR doing to protect Kentucky's deer herd from CWD?

Since 2002, the KDFWR has tested over 7,000 hunter-harvested deer and elk for CWD, all results so far proving negative. Regulations ban hunters from importing brain tissue and/or parts of the spinal column from deer or elk taken in states or provinces where CWD has been found. An executive order prohibits the issuance of new permits for captive cervid facilities and bans the importation of live cervids into Kentucky. Existing facilities must be enrolled in CWD-monitoring program through the KY Dept. of Agriculture. These measures will reduce the likelihood of bringing CWD into Kentucky. With the help of the hunting public, the KDFWR strives to manage the state's deer herd at optimal population levels, decreasing the rate of transmission of all diseases.

I am planning a hunting trip out west. Can I bring meat and antlers back to Kentucky?

As long as no part of the brain or spinal column is brought back from a state or province where CWD has been found. Antlers, antlers attached to a clean skull plate, a clean skull, clean teeth, hides, finished taxidermy products and meat, excluding brain and spinal tissues, may be imported into Kentucky from CWD-infected states and provinces.

Additionally, we encourage hunters to follow a few common sense guidelines wherever they hunt:

- 1. Know the CWD status of the state you are hunting in. If the state you will be hunting in has CWD, contact the fish and wildlife agency for that state to find out if they have any restrictions on the export of harvested animal meat or parts.
- 2. Do not harvest any animal that appears sick or is acting strangely Note the animal's location and contact the local fish and wildlife department.
- 3. Do not use household utensils to field dress or process your deer.
- 4. Prions are concentrated in the brain, spinal cord, lymph glands, tonsils, eyes and spleen. Wear latex or rubber gloves. Bone all meat. Don't saw through bone. Removal of fatty tissue will remove all lymph glands.
- 5. The causative agent is very resistant to disinfection. The best recommendation at this time is to disinfect butchering equipment with strong chlorine bleach.
- 6. If you use a saw to remove antlers or skull plate, it should be cleaned and disinfected afterwards. This saw should not be used on any other part of the carcass. If you keep the entire skull for a European mount, you should insure all meat is removed, wearing rubber or latex gloves in the process. Soak all bones in strong chlorine bleach.

SMALL GAME & FURBEARER HUNTING/TRAPPING SEASONS

Season dates and limits for the various small game and furbearer species that can be hunted or trapped in Kentucky are listed in this section.

<u>ALL</u> hunters are required to abide by the hunter orange clothing law when it applies.

Be sure you are aware of ALL deer or elk firearms hunting season dates. During periods when multiple hunting seasons are open at the same time, hunters must abide by the equipment restrictions in effect for the type of hunting they engage in.

Persons may trap squirrels, rabbits, quail, grouse and ground-hogs when the hunting season is open for that species following the trapping equipment guidelines found later in this section. Bag limits for hunting apply.

Hunters who intend to hunt on a KDFWR-owned wildlife management area, or any other public hunting area, should ALWAYS CHECK the season dates and special requirements for the area they intend to hunt. SEASON DATES ON WMAS MAY NOT BE THE SAME AS THE STATE-WIDE SEASONS. Individual WMA seasons are listed in the WMA Section of this guide.

Free Youth Hunting Week

During the week following Christmas Day, Dec. 26- Jan. 1, youth hunters ages 15 and under are permitted to hunt & trap small game and furbearers without a hunting or trapping license. (Since youth hunters are also permitted to hunt deer with a firearm on the Saturday and Sunday following Christmas Day, the hunter orange clothing law applies these two days for ALL hunters.) Statewide equipment requirements and bag limits for small game hunting remain in effect. Hunter education is not required for license-exempt hunters; however, it is strongly recommended. Adults accompanying youth hunters during the Free Youth Hunting Week do not have to have a hunting license if the adult is not hunting.

LEGAL HUNTING EQUIPMENT FOR SMALL GAME & FURBEARERS

Hunters may use muzzle-loading or modern rifles or handguns of any caliber, shotguns no larger than 10 gauge, archery or crossbow equipment, falcons or dogs to take the following game species: squirrel, rabbit, quail, grouse, pheasant, bobcat, river otter, coyote, groundhog, mink, muskrat, striped skunk, weasel, beaver, red fox and gray fox.

Hunting these species with slingshots is prohibited. Shotguns used to hunt small game must be plugged to hold a maximum of three shells (two in magazine and one in chamber). Using or carrying buckshot when hunting these species is prohibited.

The equipment described above is also legal for taking raccoons and opossums, except during the modern firearms deer season when only .22 rimfire rifles may be used while hunting at night. (See the section that follows on raccoon and opossum hunting). (301 KAR 2:251)

On some WMAs, special equipment restrictions apply, as noted in Section 2 of the Hunting on Wildlife Management Areas portion of this guide.

SQUIRREL SEASONS

Aug. 20 - Nov. 11 & Nov. 14 - Feb. 28

(the third Saturday in August through the end of February except closed during the first two days of modern gun deer season)

Carter, Clark, Clay, Clinton, Cumberland, Elliott, Estill, Fleming, Floyd, Garrard, Greenup, Harrison, Harlan, Jackson, Johnson, Knott, Knox, Laurel, Lawrence, Lee, Leslie, Letcher, Lewis, Lincoln, Madison, Magoffin, Martin, Mason, McCreary, Menifee, Montgomery, Morgan, Nicholas, Owsley, Pendleton, Perry, Pike, Powell, Pulaski, Robertson, Rockcastle, Rowan, Russell, Wayne, Whitley and Wolfe

Grouse hunting is also allowed on Pennyrile - Tradewater and Ft. Knox WMAs during the month of December, except during quota deer hunts.

Daily limit for grouse is 4; possession limit is 8.

RIVER OTTER

Noon Nov. 14 - February 28

The <u>river otter</u> hunting and trapping season is open in the following counties only, west of and including the main stem of the Tradewater River: Ballard, Caldwell, Calloway, Carlisle, Crittenden, Fulton, Graves, Hickman, Livingston, Lyon, Marshall, McCracken and Trigg. Otter hunting or trapping is prohibited in all other counties.

The season limit is five (5) otters per person.

BOBCAT

Noon Nov. 14 – January 31

<u>Bobcats</u> may be taken statewide and the season limit is three (3) bobcats per person.

Legal Taking Methods

Bobcats and otters may be taken by hunting during daylight hours or by trapping. The appropriate hunting or trapping license is required. Hunters may use hand- or mouth-operated calls or attracting devices. Harvested bobcats and otters must be telechecked by calling 1-800-245-4263 by midnight of the day the animal is recovered. (This is the same checking system as for deer and turkey).

A hunter or trapper who wants to have a bobcat or otter mounted shall provide his/her telecheck confirmation number to the taxidermist. Taxidermists cannot legally accept an unchecked otter or bobcat for mounting.

Hunters or trappers who intend to sell the raw fur of an otter or bobcat must contact the KDFWR at 1-800-858-1549 and provide their telecheck confirmation and request a CITES tag. The CITES tag shall be attached to and remain with the pelt until it is processed (the process of selling furs is discussed in the following section.) Possession of an unused bobcat or otter CITES tag is prohibited, unless expressly authorized by the KDFWR. (301 KAR 2:081, 2:240, 2:251)

Bobcat hunting and trapping is also permitted at Land Between the Lakes (LBL) National Recreation Area; for specific requirements and season dates contact: LBL, Golden Pond, KY 42231; phone (270) 924-2065.

RACCOON & OPOSSUM HUNTING SEASON

November 1 – February 28

During modern gun deer season raccoon and opossum hunters may not hunt during daylight hours or carry firearms other than .22-caliber rimfire while hunting at night. Night hunting on Friday, Nov. 11 shall conclude by _-hour before sunrise on Saturday, Nov. 12, 2005, which is when shooting hours for modern gun deer season open. No bag limit.

RACCOON & OPOSSUM TRAPPING SEASON

Noon Nov. 14 through noon February 28

No bag limit. Raccoons and opossums may not be taken with the aid of lights from a boat except by trapping.

MINK, MUSKRAT, BEAVER, RED FOX, GRAY FOX, WEASEL & STRIPED SKUNK

Noon Nov. 14 2004 - noon February 28, 2005

(Opens at 12 noon, the Monday following opening weekend of the modern gun deer season and runs through 12 noon the last day of February)

There species may be taken by hunting or trapping during this season, and there are no bag limits on these species.

COYOTE, WILD HOG & GROUNDHOG

The hunting season on coyotes, wild hogs and groundhogs is open year round with no bag limit. The appropriate hunting license is required, unless exempt. Hog hunters in the Big South Fork National River and Recreation Area must have a permit. Trapping coyotes is permitted noon Nov. 14 through noon Feb. 28.

BUYING AND SELLING FURS & HIDES

The raw furs of furbearers may be held by a trapper or hunter for 20 days and by a fur buyer for 30 days after the season closes. Raw furs (including hides from legally harvested deer) may be sold only to licensed taxidermists, licensed fur buyers or licensed fur processors. Wildlife carcasses (except certain species produced by licensed propagators) may not be bought or sold. Inedible parts of wildlife (including the feet or other inedible parts of legally taken deer) and wildlife mounts may be sold to or purchased from licensed taxidermists only.

Spotted skunks are protected year-round and may not be taken or possessed. (KRS 150.370, 150.180, 150.411; 301 KAR 2:080, 2:240, 2:251, 3:030, 4:090)

LEGAL TRAPPING EQUIPMENT & RUNNING THE TRAP LINE

Deadfalls, wire cages or box traps, Number 2 and smaller smooth-jawed foothold traps, Padded traps with a jaw spread of 6 inches or less, Number 220 or smaller Conibear-type traps and non-locking snares are permitted for dry-land sets.

Any trap may be used for water sets. Trappers may use lights from boats or vehicles. All traps must bear a metal tag giving the name and address of the trapper. Any trap found without a tag can be immediately confiscated by the KDFWR without a court order.

A person shall not enter upon the lands of another to shoot, hunt, trap or fish, or for other wildlife-related recreational purposes, without the oral or written permission of the landowner, tenant or person who has authority to grant permission. Those who fail to obtain permission are subject to arrest and prosecution. Railroad tracks and rights-of-way are privately owned property and permission must be obtained prior to entry. (KRS 150.092)

All traps must be visited at least once a day (every 24 hours) and all animals removed. Traps set on land must be at least 10 feet apart and not be set in trails or paths commonly used by humans or domestic animals. (KRS 150.399, 150.410; 301 KAR 2:251)

FALCONRY SEASON:

September 1 – March 30

The limit for this hunting method is two of any small game or furbearer species per falconer, except during the regular hunting season when the limits are the same as for other methods. Falconers must possess a falconry permit, as well as a valid Kentucky hunting license, and obey all applicable state and federal laws. (301 KAR 2:195, 2:251)

CROW SEASON:

September 1 - November 7 January 4 - February 28

There is no daily or possession limit on crows.

Crows observed committing or about to commit acts of depredation may be taken year-round; however, persons attempting to take depredating crows shall not use blinds, decoys, calls or other lures to attract birds into shooting range during the closed season. (301 KAR 2:260)

BULLFROG SEASON:

Noon May 20, 2005 – October 31, 2005 Noon May 19, 2006 – October 31, 2006

Noon on the third Friday in May through the end of October The daily limit (noon to noon) is 15; possession is 30.

If frogs are taken by gun or bow and arrow, a hunting license is required. If taken by pole and line, a fishing license is required. If frogs are taken by gig or by hand, either a hunting or fishing license is valid. It is illegal to possess a gig on a stream or lake, or in a boat from November 1 through January 31. (301 KAR 1:082)

EXOTIC SPECIES OPEN TO YEAR-ROUND HUNTING

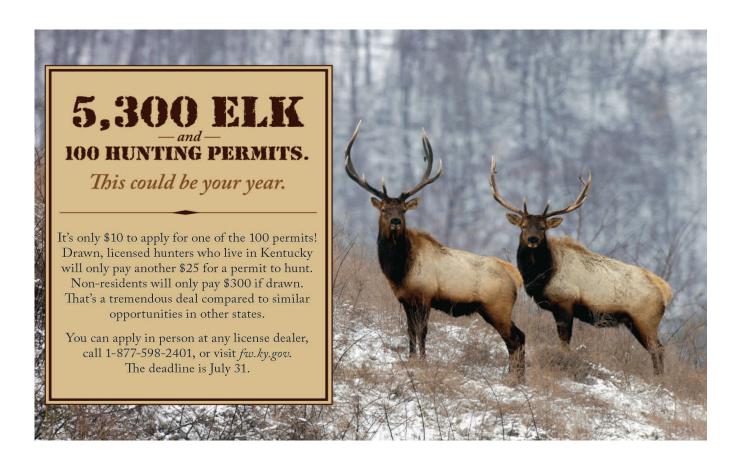

(Including English sparrow, starling, Eurasian collared doves and NON-Native cervid and NON-Domesticated bovid species) (KRS 150.370; 301 KAR 3:030, 3:061)

Except as stated here, no person shall take any other wildlife species except during an open season for that species.

Persons may hunt exotic wildlife (except pheasants released during KDFWR pheasant quota hunts), including English sparrows, starlings, Eurasian collared doves, or free-ranging NON-Native cervid or NON-Domesticated bovid species without a hunting license year round. NON-Native cervids include any deer species EXCEPT whitetails and elk. NON-Domesticated bovids include any type of NON-Domesticated sheep, antelope, goat, buffalo or other exotic hoofed species. There is no bag limit or checking requirement on these species.

All birds of prey, songbirds, spotted skunks, black bears and threatened or endangered species are strictly protected at all times under state and federal laws.

All species of mice, moles, rats, shrews and terrestrial invertebrates (except threatened or endangered species) are unprotected species and may be taken year-round without a hunting license.

HUNTERS & TRAPPERS: WE NEED YOUR HELP!

To effectively manage Kentucky's envelopes are available from state wildlife or trappers donate would be greatly wildlife, the department of fish and wildlife conducts a variety of surveys with hunters and trappers about their pursuits and observations of wildlife. You can greatly assist this effort by participating in these surveys. The samples and information you provide are essential for determining the size, trends and health of game populations. Survey forms are available from the KDFWR.

Small Game Hunters can help gather information about various types of wildlife using the report form in this guide or on our website. Another way small game hunters can help is by obtaining preaddressed survey envelopes and sending in one wing from each bobwhite quail and one wing and rump feathers from each grouse they take. Pre-addressed wing from the above counties that hunters furbearer populations!

and boating officers or by calling 1-800-858-1549. Please follow the directions closely on the envelopes because they differ between quail and grouse.

Furbearer Hunters & Trappers -Check it out!

The KDFWR and U.S. Department of Agriculture (USDA) have begun a program to monitor the potential occurrence of the raccoon strain of rabies in eastern Kentucky. These agencies are sampling raccoon, fox, covote, and skunk carcasses in the following counties: Bell, Boyd, Carter, Clay, Elliott, If you have any questions or need to Flovd, Greenup, Harlan, Johnson, Knott, arrange a pickup, call 1-800-858-1549, Knox, Lawrence, Leslie, Letcher, Lewis, Martin, Morgan, Perry, Pike, and Whitley. Any heads (skinned or not) of these species to manage the health of Kentucky's wild

appreciated. Even roadkills are ok if they are fresh, but only heads from the above species and counties can be accepted for testing. To donate a head for testing, please place it in a sealed plastic bag, label the bag with your name, the species of animal, the county it came from, and a brief description of the specific location where it was collected (farm name, creek name, address, GPS location, etc.). Then, just freeze it. Whenever you are ready, contact us to arrange for the heads to be picked up.

HUNTING ON WILDLIFE MANAGEMENT AREAS (WMAs)

The KDFWR has purchased, leased or manages more than 80 wildlife management areas for public use. On some areas, users must purchase a user permit. Please refer to the specific area listing for that information. The rest are open to hunting free of additional charge.

Many public-use areas have special laws in effect, and hunting season dates that are different from statewide seasons. That information is listed individually under the name of each area in Section 2.

The information in Section 1 applies to users of all Wildlife Management Areas owned or managed by the KDFWR. If you intend to hunt (or otherwise visit) public lands listed in Section 2, you must comply with the following guidelines.

SECTION 1

General User Guidelines for All Wildlife Management Areas owned or managed by the KDFWR

- 1) For game listed in this guide, **hunting** seasons on the WMAs listed in Section 2 are open only as stated. Hunting for groundhogs, coyotes, wild hogs or other species that may be hunted year round, is permitted on all WMAs. Only drawn hunters may take these species during deer, pheasant and elk quota hunts.
- 2) County zone deer bag limits apply to all WMAs unless otherwise noted under the area listing. If a WMA lies in two or more different zones, limits in effect for the most liberal county (lowest zone number) shall apply to the entire WMA.
- 3) Quota deer hunters may take up to two (2) deer on a quota hunt, only one of which may be antlered, unless otherwise noted under the area listing.
- 4) Squirrel, rabbit, quail, grouse, furbearer and bobcat hunting or trapping is closed Nov. 12-13, 2005 on WMAs, if gun deer hunting is permitted.

- not allow unleashed dogs from March 1 through the opening of fall squirrel season, except during KDFWR authorized field trials, the June squirrel season, or when training a retriever or other water dog if the activity is authorized by a sign at the body of water. The dog must remain leashed except while training, or within 100 feet of the water, or as stated under the area listing or posted on the WMA.
- 6) During a quota deer or limited entry elk hunt on a WMA, only persons participating in the quota deer or elk hunt are allowed to be on that WMA, except waterfowl hunters hunting in some areas that may be open, or if a part of the WMA is otherwise open as noted in the following area listing. (Persons assisting movement-impaired hunters are permitted access during a quota hunt.)
- 7) Quota pheasant, deer, waterfowl and elk hunts require advance application. (Refer to quota hunt information.) Advance application is not required for other listed deer hunts.

- 5) Unless otherwise noted, persons shall 8) Camping is permitted only in designated areas. Parking must be confined to designated parking areas if such areas exist. If no parking area is designated, parking is generally permitted alongside of maintained roads in such a manner that would not block traffic. Unless otherwise authorized, vehicles of any kind (including motorcycles and bicycles) are permitted only on maintained roads. Vehicles used on public roads must be street-legal. It is unlawful to cut trees or fences, dump trash or litter, or damage any property or habitat in any fashion.
 - Trapping requires permission. Obtain permission from the KDFWR by calling 1-800-858-1549.
 - 10) Hunters shall not enter or hunt in areas that have been designated closed by signs.
 - 11) A person shall not discharge a firearm within 100 yards of a residence or occupied building located on or off the area.
 - 12) A person shall not distribute or place bait, hunt over bait or otherwise participate in baiting wildlife on a wildlife management area.

- 13) A group of ten (10) or more people who gather for any event or organized activity on a WMA shall obtain a free permit from the KDFWR at least thirty (30) days prior to the event. Groups shall apply on a form provided by the KDFWR. The KDFWR shall retain the authority to deny permits, or otherwise restrict, institute additional requirements for, or direct the rescheduling of, any event to avoid user conflicts or for other plausible reasons. Permit requests for events that do not meet WMA use guidelines shall be denied, and events may be canceled in progress if participants fail to comply with user guidelines or create hazards or disruption for others.
- 14) Horseback riding is permitted on some WMAs during certain times of the year and under certain restrictions. Unless hunting, horses shall only be ridden on a designated horse riding trail or a maintained public road open to vehicular traffic.

Movement-disabled Hunter Access to WMAs

The KDFWR also offers special exceptions to usual hunting and fishing regulations for persons who are movement-disabled and want to hunt and fish on select KDFWR Wildlife Management Areas. For those persons who meet the qualifications below, and who request an exception from the KDFWR, access by vehicle to portions of some WMA's may be granted.

There are portions of 15 WMAs where mobility impaired access areas have been designated. They are Barren River, Central Kentucky, Fishtrap Lake, Green River, Kaler Bottoms, Kentucky River, Lake Cumberland, Mill Creek, Mullins, Peabody, Redbird, Taylorsville Lake, West Kentucky, Yatesville Lake and Yellowbank WMAs.

- 1) In order to be eligible to request a WMA Mobility-Impaired Access Permit from the KDFWR, the person must meet one of the following criteria:
 - (a) Has permanent paralysis of at least one (1) leg;

- amputated:
- (c) Is permanently confined to a wheelchair or must use crutches, or a walker as a means of support to pursue daily activities;
- (d) Is restricted by a lung disease to such an extent that the person's forced respiratory expiratory volume for one (1) second, when measured by spirometry, is less than one (1) liter, or the arterial oxygen tension is less than sixty (60) mm/Hg on room air at rest;
- (e) Requires portable oxygen;
- (f) Has a cardiac condition to the extent that the person's functional limitations are classified in severity as Class 3 or Class 4 according to standards set by the American Heart Association; or
- (g) Has a diagnosed disease which creates a severe mobility impairment.
- 2) The mobility-impaired access permit allows the following activities by a mobility- impaired individual:
 - (a) Discharge of a firearm or other legal hunting device from a motor vehicle when the vehicle is motionless and has its engine turned off. The motor vehicle shall be used as a place to wait or watch for game and shall not be used to chase, pursue, or drive game.
 - (b) May operate electric wheelchairs, ATV's, and other passenger vehicles on or off gated or ungated or open-gated roads otherwise closed to vehicular traffic but only on designated tracts of designated WMAs.
- 3) The roads may be accessed March 1 through the third Friday in August.
- 4) Tracts designated as mobility impaired access areas shall be posted with signs.

- (b) Has at least one (1) foot 5) Vehicular access shall not be permitted on fields, openings, roads, paths, or trails planted with annual grains or agricultural crops.
 - 6) It shall be permissible to access areas which are not roads the third Saturday of August until the end of February.
 - ATV users shall adhere to manufacturer recommendations including wearing a helmet, wearing safety glasses, and restricting riding to one (1) person, while using ATVs on WMAs.

A person with a mobility-impaired access permit may designate one (1) qualified assistant. The qualified assistant may:

- (a) Track and dispatch a wounded animal;
- (b) Retrieve an animal; or
- (c) Render other assistance in accordance with all other fish and game and WMA user laws.

A qualified assistant shall not:

- (a) Operate his or her own ATV; or
- (b) Hunt or shoot from an ATV.

Applicants for a mobility-impaired access permit shall:

- (a) Fill out the required information on the Mobility-Impaired Access Permit Application; and
- (b) Obtain the attestation and signature from a licensed physician describing the mobility impairment.

In order to participate in activities noted above, a mobility-impaired individual shall have a completed mobility-impaired access application on his person at all times while participating in such activities, along with the appropriate licenses and permits.

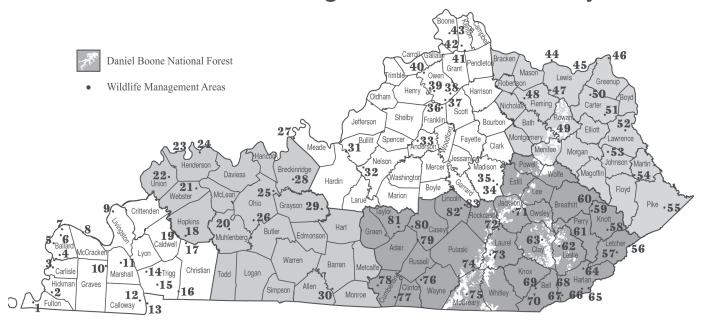

The above criteria for eligibility for a mobility-impaired access permit are the same criteria used to determine eligibility for mobility-impaired hunter-only quota hunts offered by the KDFWR.

Persons interested in applying for a WMA Mobility-Impaired Access Permit should contact the KDFWR for an application.

ATTENTION!! SPORTSMAN'S CLUBS / WILDLIFE ORGANIZATIONS Commission Conservation Permits

Non-profit wildlife conservation organizations and sportsman's clubs have a unique opportunity to help the KDFWR manage and conserve the wildlife resources in Kentucky, and improve the recreational opportunities associated with those resources.

Any conservation organization or club with a 501 (c) (3) certificate can apply in writing <u>before May 1 annually</u> to be awarded a Commission Conservation Permit to use in raising funds for various conservation-related projects. The Commission may award up to two quota elk hunting permits, two deer permits, two turkey, waterfowl or trout hunting/fishing permits each year, to any conservation group or club who successfully petitions the Commission for one of these permits.

Permit application letters must contact and identify five major items:

- (a) The organization's potential to raise funds using the permit,
- (b) How much money the organization expects to raise and why,
- (c) Method to be used in selling the permit,
- (d) Description of the project those funds might be applied to; and
- (e) Names of members of the organization submitting the proposal and why the organization believes it is best-suited to receive the permit it identifies in its proposal.

All proceeds raised from the sale of Commission Conservation Permits must be utilized on a project that is approved by the KDFWR Commission. Persons who purchase an elk permit from the organization awarded the permit will participate in the upcoming year's quota elk hunt. Persons who purchase a deer permit from an awarded organization may hunt on any wildlife management area during the normal season, and take one antlered or antlerless deer in addition to the statewide limit. Persons who purchase a turkey permit (either sex) from an awarded organization may hunt on any WMA normally open for turkey hunting and take one (1) turkey in addition to the statewide limit. Deer and turkey Commission Conservation Permits may also be used on private lands during their respective seasons.

<u>Individuals are ineligible to apply for Commission Conservation Permits.</u> Organizations that apply must provide verification to the KDFWR of tax-exempt, non-profit status, along with their application.

For more details, refer to KAR 301 3:100, or contact the KDFWR at (800) 858-1549 weekdays 8 a.m. to 4:30 p.m. Eastern.

Grouse Hunting Log Instructions:

Please keep an accurate record of all of your grouse hunting efforts for the season on the survey form provided. All information regarding hunters and locations are confidential. Your honesty and cooperation are greatly appreciated.

- 1. Only one hunter in a party should complete this form. A party is defined here as a group of hunters who hunt together and whose actions likely influence success of other hunters in the group. Two or more individuals who hunt in the same general area but do not influence each other's chance of seeing game should not consider themselves as a party, but should instead fill out separate forms.
- 2. Please fill out all the information in the survey on a hunting party basis, except for information in the two columns under the heading "YOU" in the center of the form. Report only *your* kills and cripples under these two columns.
- 3. Add *your* kills and cripples to all *other* kills and cripples made within your party. These *totals* should be entered in the two columns headed "PARTY". Note: "Grouse Crippled" refers to birds shot at and injured but not retrieved. We encourage hunters to report cripples, recognizing that occasional crippling loss is a normal consequence of hunting.
- 4. If you hunt in more than one county on the same day, list all counties and the corresponding information on different lines.
- 5. Please enter the number of original or new flushes in the "Grouse Flushed" column. This is the number of different birds you flushed. If you flush any of the original birds again, enter the total number of times you reflush grouse in the "Reflushes" column. <u>EXAMPLE</u>: We flush what we believe are 3 different grouse on a hunt and enter "3" on our form under "Grouse Flushed." But, if we judge that the second grouse we encountered flushed two more times after the first flush, then we enter "2" under "Reflushes" in the chart.
- 6. Use the codes at the bottom of the form when recording Land Type and Quality of hunt information.
- 7. If you need more than the space provided you can use more than one survey form. Just be sure to send all of **your individual** forms in together.
- 8. At the end of the season, or when you are through hunting for the season, return the survey to:

Upland Game Program Attn: Grouse Survey #1 Game Farm Rd. Frankfort, KY 40601

Quail Hunting Log Instructions:

Please keep an accurate record of all of your quail hunting efforts for the season on the survey form provided. This is for wild quail hunts only. Please do not record hunt information for hunts for pen raised or released birds. All information regarding hunters and locations are confidential. Your honesty and cooperation are greatly appreciated.

- 1. Record all hunts on a separate line, whether successful or not. All hunts are important!
- 2. Record the number of hours hunted to the nearest hour.
- 3. If you hunt in more than one county on the same day, list all counties and the corresponding information on different lines.
- 4. Please keep the survey in a convenient location (on the refrigerator, in your glove box, or with your hunting gear) to record results after each hunt.
- 5. Only one hunter in a party should complete this form. A party is defined here as a group of hunters who hunt together and whose actions likely influence success of other hunters in the group. Two or more individuals who hunt in the same general area but do not influence each other's chance of seeing game should not consider themselves as a party, but should instead fill out separate forms.
- 6. If you need more than the space provided you can use more than one survey form. Just be sure to send all of **your individual forms** in together.
